2016 PROXY STATEMENT

This proxy statement and the accompanying materials are being made available to JCPenney stockholders beginning on or about March 23, 2016. In this proxy statement, you will find information on the matters to be presented at the 2016 Annual Meeting of Stockholders (the Annual Meeting) and information to assist you in voting your shares.

ABOUT THE ANNUAL MEETING

Who is soliciting my vote?

JCPenney's Board of Directors (the Board) is soliciting your vote at the 2016 Annual Meeting of Stockholders.

What will I be voting on?

You will be voting on:

- Election of eleven directors nominated by the Board;
- Ratification of the appointment of KPMG LLP as JCPenney's independent auditor for the fiscal year ending January 28, 2017;
- Approval of the 2016 Long-Term Incentive Plan;
- Approval of the 2016 Employee Stock Purchase Plan;
- Advisory vote on executive compensation; and
- Any other business that may properly come before the meeting.

What are the Board of Directors' voting recommendations?

The Board recommends that you vote your shares "For" each of the Board's nominees for director, "For" the ratification of the appointment of KPMG LLP as independent auditor for the fiscal year ending January 28, 2017, "For" the approval of the 2016 Long-Term Incentive Plan, "For" the approval of the 2016 Employee Stock Purchase Plan, and "For" the approval of our executive compensation in connection with the advisory vote on executive compensation.

Who is entitled to vote?

All stockholders who owned JCPenney common stock at the close of business on the record date, March 21, 2016, are entitled to attend and vote at the Annual Meeting.

How many votes do I have?

You will have one vote for every share of JCPenney common stock you owned on the record date.

How many votes can be cast by all stockholders?

Each share of JCPenney common stock is entitled to one vote. There is no cumulative voting. On March 21, 2016, JCPenney had 306,883,865 shares of common stock outstanding and entitled to vote.

How many shares must be present to hold the Annual Meeting?

A majority of the outstanding shares of JCPenney common stock as of the record date, or 153,441,933 shares, must be present at the Annual Meeting in order to hold the meeting and conduct business. This is called a quorum.

Table of Contents

Shares are counted as present at the Annual Meeting if stockholders are present and vote in person or a proxy card has been properly submitted by or on behalf of a stockholder. Abstentions and broker non-votes are counted for purposes of determining the presence of a quorum.

How many votes are required to elect directors and adopt the other proposals?

You may vote “For” or “Against” with respect to the election of directors. Our Bylaws provide that in a non-contested election, each director must be elected by the affirmative vote of the majority of the votes cast with respect to that director’s election. Accordingly, abstentions and broker non-votes will have no effect on the election of a director. Any director nominee who is an incumbent director and is not re-elected must promptly tender his or her resignation, and the Board, excluding the director who tenders his or her resignation, must promptly decide whether to accept or reject the resignation.

Ratification of the appointment of KPMG LLP as JCPenney’s independent auditor requires the affirmative vote of a majority of the shares of JCPenney common stock present in person or by proxy that are entitled to vote on such matter. If you abstain from voting on this matter, your shares will be counted as present for purposes of establishing a quorum, and the abstention will have the same effect as a vote *against* the proposal. Broker non-votes will also have the same effect as a vote *against* the proposal.

Approval of the 2016 Long-Term Incentive Plan, approval of the 2016 Employee Stock Purchase Plan and approval of our executive compensation in connection with the advisory vote on executive compensation requires the affirmative vote of a majority of the shares of JCPenney common stock present in person or by proxy that are entitled to vote on each such matter. If you abstain from voting on any of these matters, your shares will be counted as present for purposes of establishing a quorum, and the abstention will have the same effect as a vote *against* the particular proposal. Broker non-votes are not entitled to be cast for these matters and accordingly will have no effect on the approval of these matters.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

In accordance with rules adopted by the Securities and Exchange Commission (the SEC), rather than mailing a printed copy of our proxy materials to each stockholder of record, we may send some or all of our stockholders a Notice of Internet Availability of Proxy Materials (the Notice), which indicates how our stockholders may:

- access their proxy materials and vote their proxies over the Internet;
- make a one-time request to receive a printed set of proxy materials by mail; or
- make a permanent election to receive all of their proxy materials in printed form by mail or electronically by email.

How can I get electronic access to the proxy materials?

The Notice provides you with instructions regarding how to:

- view our proxy materials for the Annual Meeting over the Internet; and
- instruct us to send our future proxy materials to you electronically by email instead of sending you printed copies by mail.

Choosing to receive your future proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the impact of our annual meetings of stockholders on the environment. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it. Our Annual Report on Form 10-K accompanies these proxy materials but is not considered part of the proxy soliciting materials.

Table of Contents

How do I vote?

You can vote either in person at the Annual Meeting or by proxy whether or not you attend the Annual Meeting. To obtain directions to attend the Annual Meeting and vote in person, please call 972-431-1000. You can vote by proxy in three ways:

- by mail – If you received your proxy materials by mail, you can vote by mail by using the enclosed proxy card;
- by telephone – In the United States and Canada, you can vote by telephone by following the instructions on the Internet or on your proxy card if you received your materials by mail; or
- by Internet – You can vote by Internet by following the instructions on the Notice or on your proxy card if you received your materials by mail.

If you vote by proxy, your shares will be voted at the Annual Meeting in the manner you indicate. If you sign your proxy card, but do not specify how you want your shares to be voted, they will be voted as the Board recommends.

How do I attend the Annual Meeting?

Admission to the Annual Meeting is limited to JCPenney stockholders or their proxy holders. Each stockholder will be asked to present proof of stock ownership and a valid, government-issued photo identification, such as a driver's license, before being admitted to the Annual Meeting. Proof of stock ownership may consist of the top portion of the proxy card or if shares are held in the name of a broker, bank or other nominee, an account statement or letter from the nominee indicating that the individual beneficially owned shares of JCPenney common stock on March 21, 2016, the record date for the Annual Meeting.

Can I change my vote after I execute my proxy?

You can revoke a proxy at any time prior to its exercise at the Annual Meeting. You can send in a new proxy card with a later date if you received your proxy materials by mail, or cast a new vote by telephone or Internet, or send a written notice of revocation to JCPenney's Corporate Secretary at the address on the first page of this proxy statement. If you attend the Annual Meeting and want to vote in person, you can request that any previously submitted proxy not be used.

How do I vote my shares of JCPenney common stock in the 401(k) Savings Plan?

If you are a participant in the J. C. Penney Corporation, Inc. Savings, Profit-Sharing and Stock Ownership Plan (the Savings Plan), you will receive a separate voting instruction card for the shares allocated to your account in the Savings Plan. This voting instruction card will allow you to instruct State Street Bank and Trust Company, as trustee for the Savings Plan, how to vote your shares. If you do not vote your shares in the Savings Plan, State Street Bank and Trust Company will vote them in the same proportion as those shares for which it has received voting instructions.

Will my vote be kept confidential?

Yes. JCPenney's policy is that all proxy or voting instruction cards, ballots and vote tabulations which identify the vote of an individual stockholder are to be kept secret. Your vote will only be disclosed:

- to allow the independent election inspectors to certify the results of the vote;
- if JCPenney is legally required to disclose your vote or is defending or asserting claims in a lawsuit;
- if there is a proxy contest involving JCPenney; or
- if you make a written comment on your proxy or voting instruction card or ballot.

Table of Contents

Who pays for this proxy solicitation?

JCPenney does. In addition to soliciting proxies by mail, JCPenney may solicit proxies by telephone, personal contact and electronic means. No director, officer or employee of JCPenney will be specially compensated for these activities. JCPenney has hired Georgeson, Inc., a proxy solicitation firm, to assist in soliciting proxies for an estimated fee of \$10,000 plus reimbursement for reasonable expenses.

JCPenney will also reimburse brokers, fiduciaries and custodians for their costs in forwarding proxy materials to beneficial owners of JCPenney common stock.

Could other matters be decided at the Annual Meeting?

We do not know of any other matters that will be considered at the Annual Meeting. If any matter other than those described in this proxy statement arises at the Annual Meeting, the proxies will be voted at the discretion of the proxy holder.

CORPORATE GOVERNANCE

More than a century ago, James Cash Penney founded JCPenney on the principle of the Golden Rule: treat others the way you would like to be treated. While JCPenney has gone through many changes throughout its history, the foundation built on honesty, trust and integrity has never wavered. Our corporate governance principles continue to reflect the highest ethical standards rooted in our rich heritage as we seek to achieve excellence in our work, products and services for our customers and our stockholders.

Governing Documents

The key documents that make up our corporate governance framework are our:

- Corporate Governance Guidelines, including our Standards for the Determination of Director Independence, Lead Independent Director Policy and our Policy on Review and Consideration of Related Person Transactions;
- Restated Certificate of Incorporation, as amended;

Corporate Governance Guidelines

Our Corporate Governance Guidelines (the Guidelines) set forth JCPenney’s primary principles and policies regarding corporate governance, which are the foundation of our commitment to best practices. The Guidelines are reviewed annually by the Corporate Governance Committee and the Board. The matters covered by the Guidelines include:

- director responsibilities;
- the size of the Board;

Table of Contents

- director independence and minimum qualifications;
- factors to be considered in selecting candidates to serve on the Board;
- the Company's voting standard for the election of directors;

- ethical principles to be followed by directors;
- policies and procedures for reviewing related person transactions and conflicts of interest;

- stockholders' and other interested parties' communications to non-employee directors;

- prohibition on hedging and pledging of Company stock;

Board Leadership Structure

Myron E. Ullman, III currently serves as Executive Chairman of the Board. The non-employee, independent directors of the Board have elected Thomas J. Engibous, a non-employee, independent director, to serve as Lead Director pursuant to the Company's Lead Independent Director Policy. Mr. Engibous' term will expire on May 20, 2016, the date of his retirement from the Board. Specifically, the Company's Lead Independent Director Policy provides that the Lead Director will:

- preside over regular executive sessions of the non-employee, independent members of the Board and at meetings of the Board in the absence of, or upon the request of, the Chairman;
- approve the scheduling of Board meetings as well as the agenda and materials for each Board meeting and executive session of the Board's non-employee, independent directors;
- have the authority to call such other meetings of the non-employee, independent directors as he/she deems necessary;
- meet regularly with the Chairman and CEO and serve as a liaison and supplemental channel of communication between the non-employee, independent directors and the Chairman and CEO;
- communicate with stockholders as appropriate; and
- approve and coordinate the retention of advisors and consultants who report directly to the non-employee, independent members of the Board, except as otherwise required by applicable law or New York Stock Exchange (NYSE) listing standards.

The Board believes that the existence of a Lead Director with this scope of responsibilities supports strong corporate governance principles while providing the benefit of having the Company's former CEO serve as Chairman of the Board. Mr. Ullman's service as Executive Chairman following Mr. Ellison's appointment as CEO supports a smooth leadership transition. The Board believes that JCPenney's current leadership structure allows the CEO to focus on important strategic initiatives while ensuring that the appropriate level of independent oversight is applied to all management decisions.

[Table of Contents](#)

Board of Directors' Role in Risk Oversight

The Board oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and to enhance stockholder value. A fundamental part of risk management is not only understanding the risks a company faces and what steps management is taking to manage those risks but also understanding what level of risk is appropriate for the company. The involvement of the full Board in reviewing the Company's business strategy is an integral aspect of its assessment of management's tolerance for risk and also its determination of what constitutes an appropriate level of risk for the Company. In addition to management's discussion of risk with the full Board throughout the year, the independent directors also discuss risk management during their executive sessions without management present over which the Lead Director presides. The Board's Committees also consider risk appropriate to their respective jurisdictions throughout the year.

Policies and Procedures with Respect to Related Person Transactions

The Board recognizes that related person transactions can present a heightened risk of conflicts of interest. Accordingly, as a general matter, our directors and executive officers are to avoid any activity, interest or relationship that would create, or might appear to others to create, a conflict with the interests of JCPenney. There were no related person transactions for the Company's fiscal year ended January 30, 2016.

Our written Policy on Review and Consideration of Related Person Transactions (the RPT Policy) is included as Appendix C to the Guidelines. For purposes of SEC rules as well as the RPT Policy, a "related person transaction" is any transaction in which the Company was, is or will be a participant and the amount involved exceeds \$120,000 and in which any related person had, has or will have a direct or indirect material interest. The term "related person" means (a) any person who is, or at any time since the beginning of the Company's last fiscal year was, a director or executive officer of the Company or a nominee to become a director of the Company, (b) any person who is known to be the beneficial owner of more than 5% of any class of the Company's voting securities and (c) any immediate family member of any of the foregoing persons. We review all relationships and transactions in which the Company and a related person are participants to determine whether such persons have a direct or indirect material interest. To identify potential related person transactions, we request certain information from our directors and executive officers. We then review the information provided for any related person transactions. The Corporate Governance Committee reviews and determines whether to approve or ratify any related person transaction that is required to be disclosed. Any member of the Corporate Governance Committee who is a related person with respect to a transaction under review may not participate in the deliberations or vote respecting approval or ratification of the transaction.

Board Independence

The Board reviews the independence of each non-employee director annually to confirm that the director continues to meet our standards as well as the requirements of the NYSE. No member of the Board will be considered independent unless the Board determines that he or she has no material relationship with the Company that would affect his or her independence and that he or she otherwise satisfies JCPenney's director independence standards as well as all applicable laws, rules and regulations. Our "Standards for the Determination of Director Independence" are included as Appendix A to the Guidelines.

The factors the Board considers in determining whether a director is independent include:

- Whether within the preceding three years,
 - the director is or was an employee of JCPenney;
 - a member of the director's immediate family is or was an executive officer of JCPenney;
 - the director or an immediate family member of the director received more than \$120,000 per year in direct compensation from JCPenney (other than compensation for service as a director or pension or other forms of deferred compensation for prior service);

Table of Contents

- the director or an immediate family member of the director was a partner or employee of JCPenney's external auditor and personally worked on JCPenney's audit within that time;
- the director or an immediate family member of the director is or was employed as an executive officer of another company where any of JCPenney's present executive officers serve on the compensation committee of that company's board of directors;
- the director or an immediate family member of the director is or was an employee or executive officer of another company that makes payments to, or receives payments from, JCPenney in excess of the greater of \$1,000,000 or 2% of that company's consolidated gross revenues;
- Whether the director or an immediate family member of the director is a current partner of JCPenney's external auditor;
- Whether the director is a current employee of JCPenney's external auditor;
- Whether an immediate family member of the director is a current employee of JCPenney's external auditor and personally works on JCPenney's audit; and
- Whether the director serves as an officer, director or trustee of a charitable organization or as a member of that organization's fund-raising entity or committee that received contributions from JCPenney in excess of the greater of \$1,000,000 or 2% of the charity's gross revenues.

The Board has reviewed each director's independence for fiscal 2016. Applying the standards listed above as well as the requirements of the NYSE, the Board has determined that each of the directors, except for Messrs. Ullman and Ellison, is independent.

Meeting Attendance

During fiscal 2015, the Board held six meetings and committees of the Board held a total of 22 meetings. Each director serving during fiscal 2015 attended at least 75% of the total number of meetings of the Board and committees on which he or she served.

All directors are strongly encouraged to attend the Annual Meeting, but we do not have a formal attendance requirement. In 2015, eleven of the twelve then-serving members of the Board attended the Annual Meeting.

Executive Sessions

The non-employee, independent directors meet in executive session with no Company associates present as a part of each regularly scheduled Board meeting. The Company's Lead Director, Thomas J. Engibous, presides over these sessions.

Communications with the Board of Directors

Any Company stockholder or other interested party who wishes to communicate with the Board of Directors or with an individual director may direct such communications by telephone to 1-800-527-0063, by facsimile to 972-431-1133, by email to jcpdirectors-sm@jcpenny.com, or by writing to:

**Corporate Secretary
J. C. Penney Company, Inc.
P.O. Box 10001
Dallas, TX 75301**

The communication must be clearly addressed to the Board of Directors or to a specific director(s). If a response is desired, the individual should also provide contact information such as name, address and telephone number.

All such communications will be reviewed initially by the Company's Corporate Secretary and entered into a log for tracking purposes. The Board has asked the Corporate Secretary to forward to the appropriate director(s)

[Table of Contents](#)

all correspondence, except for items unrelated to the Board's functions, business solicitations, advertisements and materials that are profane. The Corporate Secretary prepares a periodic summary report of all such communications for the Board.

Communications with the Audit Committee

Complaints and concerns relating to the Company's accounting, internal accounting controls or auditing matters should be communicated to the Audit Committee of the Board. Any such communication may be made on an anonymous basis and may be reported to the Audit Committee through the Company's Senior Vice President, Audit by calling 1-800-527-0063, by website at www.jcpline.com or by writing to:

**Senior Vice President, Audit
J. C. Penney Company, Inc.
P.O. Box 250335
Plano, TX 75025-0335**

All such concerns will be reviewed under the direction of the Audit Committee and oversight by the Senior Vice President, Audit, the General Counsel, or such other persons as the Audit Committee determines to be appropriate. Confidentiality is maintained to the fullest extent possible, consistent with the need to conduct an adequate review. Prompt and appropriate corrective action will be taken when and as deemed appropriate in the judgment of the Audit Committee. The Senior Vice President, Audit will prepare a periodic summary report of all such communications for the Audit Committee.

Board Diversity, Director Qualifications and Process for Nominations

JCPenney is committed to creating an inclusive work environment where everyone is respected and valued. A workforce that understands JCPenney's diverse customer base helps ensure that the Company's products, services and message are relevant in every community where the Company does business.

The Board's philosophy on diversity mirrors the Company's philosophy. In connection with the selection of nominees for director, the Corporate Governance Committee strives to identify and recruit high-caliber individuals whose diverse talents, perspectives, experiences and backgrounds would preserve and enhance the inclusive environment in which the Board currently functions.

As provided in the Guidelines, nominees for director, including those directors who are eligible to stand for re-election, are selected based on, among other things, consideration of the following factors:

- character and integrity;
- business and management experience;
- demonstrated competence in dealing with complex problems;
- familiarity with the Company's business;
- diverse talents, backgrounds and perspectives;
- freedom from conflicts of interest;
- regulatory and stock exchange membership requirements for the Board;
- sufficient time to devote to the affairs of the Company; and
- reputation in the business community.

In considering whether to nominate directors who are eligible to stand for re-election, the Corporate Governance Committee also considers the quality of past director service, attendance at Board and committee meetings, compliance with the Guidelines (including satisfying the expectations for individual directors), as well as input from other Board members concerning the director's performance and independence.

Table of Contents

Although the Board retains ultimate responsibility for approving candidates for election, the Corporate Governance Committee conducts the initial screening and evaluation process. In doing so, the Corporate Governance Committee considers candidates recommended by directors and the Company's management, as well as any recommendations from Company stockholders. Additionally, the Corporate Governance Committee takes into account the Board's current composition and the capabilities and attributes of serving Board members, as well as additional capabilities and attributes considered necessary or desirable in light of existing Company needs and the goal of preserving and enhancing Board diversity. The Corporate Governance Committee periodically engages one or more search firms to assist in the identification and recruitment of director candidates.

To recommend a candidate for election to the Board, a stockholder must submit the following information to the Corporate Secretary of the Company at least 90 days in advance of the Annual Meeting:

- The stockholder's name and address;
- A representation that the stockholder is a holder of record of JCPenney stock entitled to vote at the Annual Meeting and intends to appear in person or by proxy at the Annual Meeting;
- The name and address of the stockholder's nominee for director;
- A description of any arrangements or understandings between the stockholder and the director nominee or any other person (naming such person(s)) relating to the election of the nominee to the Board;
- The biographical and other information about the nominee that would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC; and
- The nominee's consent to serve on the Board.

In general, candidates recommended by stockholders will be evaluated under the same process as candidates recommended by existing directors, Company management or third-party search firms. However, the Corporate Governance Committee will additionally seek and consider information concerning the relationship between a stockholder's recommended nominee and the stockholder to determine whether the nominee can effectively represent the interests of all stockholders. Also, except in unusual circumstances, the Corporate Governance Committee will not evaluate a stockholder-recommended candidate unless and until the stockholder advises that the potential candidate has indicated a willingness to serve as a director, to comply with the expectations and requirements for Board service and to provide all the information required to conduct an evaluation.

Sadove who will be retiring from the Board effective May 20, 2016, has been nominated by the Board to serve as a continuing director for a new one-year term expiring at the 2017 Annual Meeting of Stockholders. However, if any of the nominees does not accept the nomination, or is otherwise unavailable for election, the persons designated as proxies will vote for any substitute nominee recommended by the Board. Proxies cannot be voted for a greater number of persons than the number of nominees named.

In determining whether to nominate each of the current directors, other than Messrs. Engibous and Sadove, for another term, the Board considered the factors discussed above in "Board Diversity, Director Qualifications and Process for Nominations" and concluded that each of the current directors standing for re-election possesses unique talents, backgrounds, perspectives, attributes and skills that will enable each of them to continue to provide valuable insights to Company management and play an important role in helping the Company achieve its long-term goals and objectives. Our compensation philosophy is integrated with JCPenney’s core values and business strategy. Our core values were first stated in The Penney Idea, which was adopted in 1913 and which includes the principle that we will “reward men and women in our organization through participation in what the business produces.” This principle endures today in our executive compensation policies that link pay for performance and align the pay of our named executive officers with the interests of our stockholders.

The Company’s results for fiscal 2015 represented significant improvement over 2014 as the Company delivered on both the top and bottom lines through effective execution of its strategies. For the fiscal year ended January 30, 2016, the Company grew comparable store sales by 4.5% and had total sales of \$12.63 billion, a 3.0% increase compared to fiscal 2014. The Company also delivered gross margin of \$4.55 billion, a 120 basis point improvement over the prior year, and reduced selling, general and administrative expenses by \$218 million, a 270 basis point improvement over the prior year. This combination of strong sales growth, accelerated gross margins and disciplined expense reduction resulted in an increase in full year Adjusted EBITDA of \$435 million. Further, free cash flow for fiscal 2015 increased by 130% to \$131 million and liquidity improved to \$2.5 billion at year end compared to \$2.1 billion at the end of fiscal 2014. The Company also retired

approximately \$500 million of debt during the year, further strengthening the Company’s financial position. In addition, the Company continued to gain market share despite a highly competitive retail environment. Please see pages 24 to 27 of the Company’s Annual Report on Form 10-K for a discussion of non-GAAP financial measures.

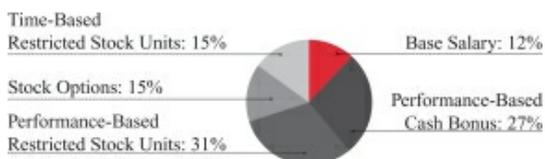

2015 Performance Results. In fiscal 2015, incentive program payouts under our annual and long-term programs were determined based on financial performance results. For fiscal 2015, our named executive officers received, collectively, approximately 155% of their aggregate annual target cash bonus under the Management Incentive Compensation Program (MICP).

Rewards under our performance-based long-term incentive program in fiscal 2015 also reflected financial performance results. Based on the Company’s adjusted EBITDA results, each of our named executive officers, other than Ms. Risch, earned 196% of their target performance-based restricted stock units that could be earned for fiscal 2015 performance. Since Ms. Risch joined the Company in December, she did not receive an annual equity award in fiscal 2015 and thus did not participate in this performance-based restricted stock unit program. The value of the other annual equity awards granted in 2015 also reflect stock performance results, in that the options had no intrinsic value at year end because they were underwater (i.e., the exercise price was higher than the market price of the stock) and the time-based restricted stock units’ value was lower at year end than when those awards were granted.

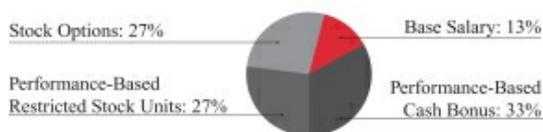

Pay-For-Performance. Our executive compensation program is designed to link pay to Company performance and align the pay of our named executive officers with the interests of our stockholders.

The charts below show the Target Compensation Mix for fiscal 2015 for Mr. Ellison, our CEO at the end of the year, and for Mr. Ullman, our Executive Chairman and former CEO (until August 1, 2015). As reflected below, in fiscal 2015 73% of Mr. Ellison’s target annual compensation and 87% of Mr. Ullman’s target annual compensation was performance-based. Mr. Ullman’s 2015 annual equity grant did not include time-based restricted stock units as retention was not a focus given the CEO transition plan we adopted when Mr. Ellison joined the Company in late 2014 as our President and CEO-Designee. For this purpose, “performance-based” compensation includes performance-based cash bonus, performance-based restricted stock units, and stock options.

The chart below shows the Target Compensation Mix for fiscal 2015 for Ms. Evanson, Ms. Link, Ms. Risch and Mr. Record. The mix is based on the total annualized target compensation for such named executive officers, which includes base salary, target cash bonus opportunities and annual equity awards. As reflected below, 53% of the total annualized target compensation for Ms. Evanson, Ms. Link, Ms. Risch and Mr. Record in fiscal 2015 was performance-based. The chart below does not reflect compensation provided as an inducement to join the Company and also does not include the value of one-time promotion or performance awards.

New Executive Officer Compensation. In connection with the commencement of Ms. Risch's employment, she received a one-time cash signing bonus of \$500,000 and a one-time equity award of 93,583 time-based restricted stock units, each in relinquishment of certain benefits and compensation provided by her previous employer and as an inducement to join the Company. The time-based restricted stock units awarded to Ms. Risch vest in equal installments on each of the first, second, third and fourth anniversaries of the grant date. In connection with her promotion to Executive Vice President, General Counsel, Ms. Link received a salary increase, her annual target bonus opportunity was increased and she received a supplemental equity grant.

2015 Say-on-Pay Vote

Approximately 92% of votes cast by the Company's stockholders at the 2015 annual meeting were cast in favor of the Company's executive compensation program. The Human Resources and Compensation Committee

(the Committee) continues to evaluate and make changes to programs to reflect the Company's evolving business circumstances, but made no specific changes given the level of stockholder support for our programs. Our goal is to ensure the Company has the appropriate compensation programs in place to most effectively link pay-for-performance, to create stockholder value over the long-term, to be consistent with good governance practices, to attract and retain critical talent and to align with the Company's business strategies.

Establishing Our Executive Compensation Program

Role of the Human Resources and Compensation Committee. The Committee is responsible for establishing and implementing our executive compensation program. Each member of the Committee is independent under the listing standards of the New York Stock Exchange (NYSE).

The Committee determines compensation for officers of the Company at the level of Senior Vice President and above other than the CEO and the Executive Chairman. The compensation of the CEO and the Executive Chairman are determined by all of the independent directors of the Board.

As part of the Committee's deliberations, the CEO makes compensation recommendations for the executive officers other than himself and the Executive Chairman. The Committee considers these recommendations in making its determinations.

Role of Independent Compensation Consultant. The Committee engages an independent consultant to assist in its deliberations and decision-making regarding executive compensation. The Committee's consultant provides market research and analyses against which executive compensation programs and proposals can be evaluated, including a review of competitive market trends and design practices, a review of the Company's peer group, and market benchmarking for officers at the level of Senior Vice President and above. The independent consultant does not assist the Board on director compensation matters. The Committee has sole authority to retain and terminate its consultant and sole authority to approve the fees and other terms of the engagement of its consultant. The independent consultant reports directly to the Committee and does not work for the Company's management in any capacity.

For fiscal 2015, the Committee retained Meridian Compensation Partners LLC (Meridian) as its independent consultant. In retaining Meridian as its consultant, the Committee considered all factors relevant to Meridian's independence from management in accordance with the listing standards of the NYSE.

Role of Management. Management makes recommendations to the Committee regarding the design and implementation of our executive compensation programs. Management works with its outside executive compensation consultant, Frederic W. Cook & Co., Inc. (FW Cook), in making recommendations that are consistent with the Company's philosophy and objectives. The Committee may review data and analyses provided by management and its consultant. FW Cook does not work for the Committee or the Board in any capacity.

Role of Peer Companies and Benchmarking. We compete against a broad array of companies for executive talent. Accordingly, we benchmark the competitiveness of pay for certain executive officers, and for our various compensation programs in general, against the compensation programs of selected peer companies based on their proxy disclosures.

For 2015, the following companies constituted the peer group for comparison purposes:

Bed Bath & Beyond Inc.
Best Buy Co., Inc.
Gap, Inc.
Kohl's Corp.
L Brands, Inc.

Macy's, Inc.
Nike, Inc.
Office Depot, Inc.
Ross Stores, Inc.
Sears Holdings Corp.

Staples, Inc.
Target Corp.
TJX Companies, Inc.
V. F. Corp.
Williams-Sonoma, Inc.

Table of Contents

These companies represent a combination of select retail and high brand value companies with which the Company competes for talent. We generally used revenues between 0.33x-3.0x of the Company's as a parameter when setting the 2015 peer group, but we also deliberately vary outside this range to include companies the Committee views as key competitors for executive talent.

As part of the annual review process, the Committee reviews the companies within the peer group. For 2016, the Committee re-evaluated the composition of the peer group and determined that Nike, Inc., V. F. Corp. and Williams-Sonoma, Inc. should be removed and replaced with Ascena Retail Group, Inc. and Nordstrom, Inc. to further provide a more retail-focused peer group.

We also review retail industry surveys to benchmark pay for executive officer positions for which proxy peer group data are not available. For fiscal 2015, a key element of our compensation benchmarking philosophy was to target total direct compensation for our executive officers at or around the median percentile of the national market represented by our peer group and/or survey data for relevant positions. From time to time, we may target total direct compensation above the median percentile in order to attract and retain critical talent.

Stockholder Outreach. We view a continuing, constructive dialogue with our long-term stockholders on matters such as executive compensation and corporate governance as important to ensuring that our programs remain aligned with their interests. We appreciate the opportunity to gain further insight and understanding into their views, including on our executive compensation program.

Internal Pay Relationships. Our compensation philosophy reflects the importance of offering a competitive target compensation package to each of the named executive officers. In general, the differences in pay between the named executive officers relative to each other as well as the CEO, as well as to non-managerial associates, are based on market differences for the particular job, job responsibilities and scope, and adjustments for individual experience and performance, rather than a pre-determined ratio or multiple.

Relationship of Executive Compensation to Risk. In connection with fulfilling its responsibilities, the Committee considers whether the design of the Company's executive compensation program encourages senior executives to engage in excessive risk-taking. The Committee reviews the overall program design, as well as the balance between short-term and long-term compensation, the metrics used to measure performance and the award opportunity under the Company's incentive compensation program, and the implementation of other administrative features designed to mitigate risk such as incentive caps, vesting requirements, stock ownership guidelines, insider trading policy and a claw-back policy as described below. Based on its review, the Committee believes that the Company's executive compensation program is aligned with the interests of stockholders, appropriately rewards pay for performance and does not promote unnecessary or excessive risk.

Compensation of Our Named Executive Officers

In 2015, our executive compensation program had three principal components:

- Base salary;
- Annual cash bonus awards; and
- Long-term equity incentive awards.

Reflecting the pay-for-performance philosophy of our compensation program, the majority of the compensation opportunity in fiscal 2015 for our named executive officers was based on Company performance. We believe that a combination of annual cash bonus awards and long-term incentive awards strikes the appropriate balance between the near-term focus on Company performance and the long-term focus on stockholder value creation.

Base Salary. We pay base salaries that are competitive based on market data for comparable positions at companies in our peer group. We review base salaries annually and compare them against market data for the

Table of Contents

position. Merit increases are intended to reward individual performance and are also intended to ensure that the individual's base salary remains competitive for the position and level of responsibility. Mr. Ellison's annual base salary was increased to \$1,400,000 in connection with his promotion to Chief Executive Officer on August 1, 2015. Ms. Evanson and Mr. Record also received salary increases during the year after taking into consideration market data and their contributions to the Company. The Summary Compensation Table presents the named executive officers' actual salaries for 2015.

Annual Cash Bonus Awards. Annual cash bonuses are determined and paid pursuant to the MICP. This program provides named executive officers as well as other management associates the opportunity to earn cash awards based on the achievement of specified Company goals. For fiscal 2015, the annual cash bonus was split into a Spring performance period and a Fall performance period in order to better align with key near-term objectives. The Spring period measured performance for the first and second fiscal quarters, and the Fall period measured performance for the third and fourth fiscal quarters. To align with the Company's business cycle, the Spring and Fall performance periods accounted for 40% and 60%, respectively, of each named executive officer's annual target bonus opportunity. Payouts for awards earned for each performance period under the annual cash bonus program are made after the end of the fiscal year.

The program structure provides each participant with an annual "target bonus opportunity" that is a percentage of the individual's base pay. The range of potential payouts for each of the named executive officers is presented in the Grants of Plan-Based Awards Table.

Set forth below is the annual target bonus opportunity for each of our named executive officers for fiscal 2015. The target bonus opportunity percentages shown below for Mr. Ellison, Ms. Link and Ms. Risch reflect their target percentages as of the end of the fiscal year. Mr. Ellison's annual target bonus opportunity was increased to 175% in connection with his promotion to Chief Executive Officer on August 1, 2015. Ms. Risch's annual target bonus opportunity was established when she joined the Company. Since Ms. Risch joined the Company in December, she did not participate in the Spring performance period of the annual cash bonus program.

Name	Annual Target Bonus Opportunity (% of Salary)
Myron E. Ullman, III	200%
Marvin R. Ellison	175%
Edward J. Record	75%
Brynn L. Evanson	75%
Janet M. Link	75%
Therace M. Risch	75%

For the named executive officers, both the Spring and Fall performance periods provided that awards could be earned based on performance against pre-established goals for the Company's sales, gross profit return on inventory (GPROI) and operating profit, with the sales metric weighted at 40% of the total and the GPROI and operating profit metrics each weighted at 30% of the total.

For purposes of the bonus program, GPROI was determined by dividing total gross profit for the applicable period by average inventory cost for the same period. Operating profit was defined as reported operating profit excluding qualified pension expense, bonus expense, real estate and other, net gains on the sale of non-operating assets, restructuring and management transition charges, and the effect of reclassifications of certain expenses.

The Committee and independent directors of the Board selected these metrics to incentivize associates to achieve both top line growth and profitability. Each component of the annual cash bonus program had a separate payout opportunity.

[Table of Contents](#)

Performance goals for each component of the annual cash bonus program were established at the beginning of the respective performance periods. At the end of the performance period, a payout factor was calculated for each component ranging from 25% to 200% of the target bonus opportunity. For each component, no payout would occur for results below the threshold goal.

Spring Performance Period. The performance goals, payout levels and results achieved are indicated below:

2015 Spring Performance Period

Based on the Company's performance, each of the named executive officers (other than Ms. Risch) earned cash bonuses equal to 142.7% of their respective Spring performance period target awards.

Table of Contents

Based on the Company's performance, each of the named executive officers earned cash bonuses equal to 122.1% of their respective Fall performance period target awards. Ms. Risch's actual Fall performance period award was pro-rated based on the date that her employment with the Company commenced.

SG&A Performance Kicker. In addition to the Spring and Fall performance periods, the annual cash bonus program for fiscal 2015 included a one-time performance kicker to drive additional SG&A reductions for fiscal 2015. The performance kicker paid out only if the Company achieved at least a \$175,000,000 year over year reduction in SG&A expense for fiscal 2015. The potential kicker payout amount was equal to 25% of the participant's annual target bonus amount. No payout would occur if the Company did not achieve the targeted SG&A expense reduction and no additional payout would occur if the Company exceeded the target savings.

For fiscal 2015, the Company exceeded the goal of achieving at least a \$175,000,000 year over year reduction in SG&A expense. Accordingly, each of the named executive officers earned a full payout of the performance kicker. Ms. Risch's performance kicker award was pro-rated based on the date that her employment with the Company commenced.

The total annual cash bonus payouts for 2015 for each of the named executive officers are reflected in the Summary Compensation Table under the column "Non-Equity Incentive Plan Compensation."

Long-Term Incentive Awards. For fiscal 2015, the annual long-term incentive awards to our named executive officers were made under the 2014 Long-Term Incentive Plan (the 2014 Plan). The 2014 Plan provided equity-based awards to eligible associates, including the named executive officers, other Company officers and senior management associates. Generally, whether an associate is granted an award and the size of the award granted are functions of the associate's position, performance and potential.

The potential number of annual long-term incentive awards for each participant was based on a predefined target "equity dollar value" for the participant. The target equity dollar value is determined by position and expected future contributions, taking into consideration competitive market data for comparable positions at companies in our peer group and the Company's overall equity plan budget for the year.

For fiscal 2015, annual long-term incentive awards granted to the named executive officers (other than Mr. Ullman and Ms. Risch) included performance-based restricted stock units, time-based restricted stock units and non-qualified stock options. Each of the named executive officers received 50% of the annual equity dollar value in the form of performance-based restricted stock units, 25% in stock options and 25% in time-based restricted stock units. The Committee and the independent directors of the Board believed this mix would best balance our dual goals of ensuring that executives maintain a long-term focus on stockholder value creation and the need to retain key leaders.

The independent directors of the Board determined that the Executive Chairman's long-term incentive awards should be entirely performance-based to ensure alignment with the interests of stockholders. For this reason, Mr. Ullman received half of his annual equity award in performance-based restricted stock units and half in stock options.

[Table of Contents](#)

The table below sets forth the 2015 target annual equity dollar values for the named executive officers.

Name	Target Equity Dollar Value of Performance-Based Restricted Stock Units	Target Equity Dollar Value of Stock Options	Target Equity Dollar Value of Time-Based Restricted Stock Units	Total Target Equity Dollar Value
Myron E. Ullman, III	\$ 3,025,000	\$ 3,025,000	—	\$ 6,050,000
Marvin R. Ellison	\$ 3,375,000	\$ 1,687,500	\$ 1,687,500	\$ 6,750,000
Edward J. Record	\$ 750,000	\$ 375,000	\$ 375,000	\$ 1,500,000
Brynn L. Evanson	\$ 350,000	\$ 175,000	\$ 175,000	\$ 700,000
Janet M. Link ⁽¹⁾	\$ 275,000	\$ 212,500	\$ 212,500	\$ 700,000
Therace M. Risch ⁽²⁾	N/A	N/A	N/A	N/A

(1) Ms. Link's equity dollar value represents the annual equity award approved in March 2015 plus a supplemental equity grant made in connection with her promotion in May 2015.

(2) Since Ms. Risch joined the Company in December, she did not receive an annual long-term equity incentive award in fiscal 2015.

Performance-Based Restricted Stock Units. To determine the number of performance-based restricted stock units granted to each named executive officer, we divided 50% of their respective total annual target equity dollar value by the closing share price of our common stock on the date of grant. This target award can increase or decrease based on the extent to which the Company achieves the performance measure established by the Committee and the independent directors of the Board.

The performance period for the performance-based restricted stock units awarded to the named executive officers (other than Mr. Ullman and Ms. Risch) consists of three one-year performance cycles beginning with fiscal 2015. In view of Mr. Ullman stepping down as CEO on August 1, 2015, the performance cycle for his award is based solely on results for fiscal 2015.

The Committee and the independent directors of the Board chose adjusted EBITDA as the performance measure for the performance-based restricted stock unit awards to drive performance that aligns with the Company's stated long-term EBITDA goals. EBITDA is defined for this purpose as earnings before interest, taxes, depreciation and amortization, excluding qualified pension expense, bonus expense, real estate and other, net gains on the sale of non-operating assets, asset impairments, the effect of reclassifications of certain expenses, and restructuring and management transition charges.

The goal for the performance measure for the first performance cycle was set at the beginning of fiscal 2015. The goals for the second and third performance cycles will be set at the beginning of each performance cycle pursuant to a pre-determined formula based on the actual results for the preceding performance cycle. Set forth below are the 2015 performance goals and payout factors for the performance-based restricted stock unit awards.

2015 Performance Goals for 2015 Performance-Based Restricted Stock Unit Award

	Results (in millions)	Payout Percent
Maximum	\$ 781	200%
Target	\$ 625	100%
Threshold	\$ 375	25%

At the end of each performance cycle, the percentage of the target award earned is determined pursuant to a payout matrix established by the Committee and the independent directors of the Board. The payout matrix sets forth a range of payout percentages relative to the Company's actual results for the performance cycle. The payout percentages under the payout matrix range from 25% to 200% of the target award with a 100% payout for

Table of Contents

achieving the target performance goal. The payout percentage is interpolated on a straight-line basis for points in between the threshold and maximum goals. The range of potential payouts is presented in the Grants of Plan-Based Awards Table.

For fiscal 2015, the Company's actual adjusted EBITDA was \$775 million. This performance resulted in a payout of 196.0% for the 2015 performance cycle. Accordingly, each of the named executive officers (other than Ms. Risch) earned 196.0% of their target performance-based restricted stock unit award for fiscal 2015. For the named executive officers other than Mr. Ullman, the earned units will not vest until the third anniversary of the date of grant provided such executive officer remains continuously employed with the Company through that date. Following vesting, the earned units will be paid out in shares of Company common stock within two and one-half months of the vesting date. For the award to Mr. Ullman, the actual units earned vested on the first anniversary of the date of grant. The earned units will be paid out to Mr. Ullman in shares of Company common stock on the third anniversary of the date of grant, and thus the value he ultimately receives at payout will be aligned with stockholders' interests because it will be subject to future stock price performance.

Stock Options. The stock options awarded to the named executive officers other than Mr. Ullman vest ratably (one-third per year) over a three-year period provided that the participant remains continuously employed with the Company during that time. Mr. Ullman's options vested in full on the first anniversary of the grant date.

The stock options are intended to align the participants' interests with those of our stockholders and have an exercise price equal to the closing price of Company common stock on the date of grant. Accordingly, they have value to the recipient only if the market price of the common stock at the time of exercise is above the option exercise price. They cannot be exercised more than ten years after the date of grant.

For purposes of determining the number of stock options granted to each of the named executive officers other than Mr. Ullman, we divided 25% of each named executive officer's total annual target equity dollar value by the fair value of the stock option on the date of grant. For purposes of determining the number of stock options granted to Mr. Ullman, we divided 50% of his total annual target equity dollar value by the fair value of the stock option on the date of grant. The fair value was calculated pursuant to a binomial lattice model, which is the same model used for purposes of measuring compensation expense for stock options in the Company's financial statements.

Time-Based Restricted Stock Units. Each time-based restricted stock unit represents the right to receive one share of our common stock on the vesting date. The units vest in full on the third anniversary of the grant date provided the participant remains continuously employed with the Company until that time. Since the units have value in all market conditions, they provide a strong retention mechanism. Since the ultimate value of the award depends on the market value of our common stock on the vesting date, the interests of participants are aligned with stockholders.

For purposes of determining the number of time-based restricted stock units granted, we divided 25% of each named executive officer's total annual target equity dollar value by the closing share price of our common stock on the date of grant.

Supplemental Awards. On March 16, 2015, the Committee approved a supplemental grant of time-based restricted stock units to retain select management associates during the Company's management transition. The dollar value of the supplemental units was determined by position and expected future contributions, taking into consideration competitive market data for comparable positions at companies in our peer group and the Company's overall equity plan budget for the year. The equity dollar values of the supplemental time-based restricted stock units awarded to the applicable named executive officers were: Mr. Record, \$420,000 and Ms. Evanson, \$330,000. The Executive Chairman and the CEO did not receive supplemental equity awards.

The supplemental units vest ratably (one-third per year) over a three-year period provided the participant remains continuously employed with the Company during that time.

Table of Contents

In January 2016, Ms. Evanson received an award of stock options and time-based restricted stock units having a total value of \$750,000 to recognize her strong performance during the Company's transition and turnaround efforts over the past several years. The stock options and restricted stock units vest in full on the third anniversary of the date of grant provided Ms. Evanson remains continuously employed with the Company during that time.

For equity awards outstanding for each of the named executive officers as of the end of fiscal 2015, see the Outstanding Equity Awards at Fiscal Year-End table. Actual awards vesting or exercised during the fiscal year are presented in the Option Exercises and Stock Vested table.

Other Compensation Program Elements

In addition to the three principal components of our compensation program, we also offer the following to our named executive officers, to help us attract and retain the best people in retail:

- Retirement benefits;
- Health and welfare benefits, including medical and dental benefits, paid time off, and group term life insurance benefits;
- Termination arrangements; and
- Perquisites.

Retirement Benefits. As with the principal components of our compensation program, our retirement benefits are intended to provide an industry competitive level of benefits.

The principal retirement benefits that we currently offer to our associates, including our named executive officers, are through our defined contribution 401(k) plan (Savings Plan) and, for associates earning more than the Internal Revenue Code compensation limit for qualified plans, our non-qualified defined contribution plan (Mirror Savings Plan). Both the Savings Plan and Mirror Savings Plan offer eligible associates the opportunity to defer a portion of their base salary and annual cash bonus compensation as a means of saving for retirement.

In addition, the Savings Plan includes a Company matching contribution feature of \$0.50 per dollar deferred up to a maximum of 6% of deferrals. The Mirror Savings Plan has a similar feature with respect to compensation in excess of the Internal Revenue Code compensation limit for qualified plans.

The Savings Plan includes a non-contributory retirement account in which eligible participants receive a Company contribution in an amount equal to 2% of the participant's annual pay after one year of service. The Mirror Savings Plan has a similar account with respect to compensation in excess of the IRS compensation limit for qualified plans. Participating associates are fully vested in this Company contribution after three years. Each of our named executive officers is eligible to participate in this retirement account provision of the Savings Plan and Mirror Savings Plan.

The Mirror Savings Plan is discussed in more detail in the narrative following the Nonqualified Deferred Compensation table.

Health and Welfare Benefits. Our named executive officers are entitled to participate in active associates' health and welfare benefit plans, including paid time off, medical, dental, group term life insurance and disability insurance, on the same terms and conditions as those made available to associates generally. We provide these benefits as part of a competitive package of health and welfare benefits.

Termination Arrangements. In order to attract top retail talent, we recognize the need to provide protection to our executives in the event of involuntary termination of employment without cause or voluntary termination for good reason or following a change in control of the Company. Accordingly, we have put in place separate arrangements consisting of individual Executive Termination Pay Agreements and a Change in Control Plan to address termination situations not precipitated by the conduct of the named executive officer.

Table of Contents

The Executive Termination Pay Agreement provides severance benefits to the executive in exchange for the executive's agreement to comply with certain restrictive covenants. The benefits payable under the Executive Termination Pay Agreement are not available if the executive receives the benefits under the Change in Control Plan.

Key aspects of this program as it applies to our named executive officers, other than Mr. Ullman who does not participate in this program, are noted below:

- *Prior to December 2013.* The form of Executive Termination Pay Agreement prior to December 2013 provides for full vesting of all long-term incentive stock awards and stock options in addition to severance benefits. Ms. Evanson is a party to such agreement.
- *December 2013 revisions.* In December 2013, the Company's standard form of Executive Termination Pay Agreement was revised to limit the vesting of equity awards other than inducement awards to a pro-rated portion of long-term incentive stock awards and stock options reflecting the executive's length of employment during the vesting and/or performance period, as applicable, and to permit full vesting only for inducement equity awards granted in connection with an executive's commencement of employment. Ms. Link and Messrs. Ellison and Record are parties to an Executive Termination Pay Agreement in the form revised in December 2013. In addition, Mr. Ellison's agreement provides for the payment of benefits in the event that he voluntarily terminates employment for good reason as defined in his Executive Termination Pay Agreement.
- *December 2015 revisions.* In December 2015, the standard form of Executive Termination Pay Agreement was revised to, among other things, (i) extend coverage of the restrictive covenants to voluntary termination of employment in addition to involuntary separation without cause, (ii) provide for payment of the portion of the severance benefits consisting of annualized base salary and target annual cash bonus for the severance period in equal monthly installments rather than a lump sum and (iii) prorate the then current year's annual cash incentive to the prorated actual annual cash bonus payable for the fiscal year of termination. Ms. Risch is a party to an Executive Termination Pay Agreement in the form revised in December 2015.

Change in Control Plan. The 2011 Change in Control Plan (the CIC Plan) provides benefits if the executive's employment is involuntarily terminated within two years following a change in control of the Company. The CIC Plan further provides that cash severance benefits will not exceed 2.99 times the sum of base salary and target bonus (the severance benefits limitation). A change of control is defined as (i) the acquisition by any person, entity or group of 30% or more of the Company's outstanding common stock, (ii) the replacement of a majority of the Board, (iii) a reorganization, merger or consolidation, or the sale of all or substantially all of the Company's assets, subject to certain exceptions, or (iv) a complete liquidation or dissolution of the Company. All of the named executive officers (other than Mr. Ullman) participate in the CIC Plan.

The CIC Plan does not provide for the payment of excise tax gross-ups to named executive officers. The CIC Plan and the Executive Termination Pay Agreement are described in more detail in "Potential Payments and Benefits on Termination of Employment."

Perquisites. We provide certain benefits to enable our executives to devote their energy and attention to the Company.

Company Aircraft. For security purposes, the Board requires the Executive Chairman and the CEO to participate in a Key Associate Protection Program (the KAPP), which is intended to safeguard the Executive Chairman, the CEO and members of their immediate families. The KAPP is a program approved by the Board as a result of recommendations contained in an independent, third-party security study. As part of the KAPP, the Executive Chairman and the CEO are required to use Company aircraft for all business and personal travel. Moreover, the Executive Chairman has a physical condition that significantly limits his mobility. As a result, use of Company aircraft for business and personal travel increases his effectiveness and flexibility in performing his duties.

The Company does not generally make Company aircraft available for non-Company business use by Company associates, other than to the Executive Chairman and the CEO as recommended by the KAPP.

Table of Contents

However, in an emergency and/or other unusual circumstance, a Company associate may be permitted to travel on the Company aircraft for personal reasons, provided the travel is approved by the CEO or by the member of the management team with immediate management responsibility for the Aviation Department. Income is imputed to associates, including the Executive Chairman and the CEO, for personal use of Company aircraft. The Company does not provide a tax gross-up with respect to such imputed income.

For total compensation purposes, we calculate the aggregate incremental cost to the Company of personal use of the Company aircraft by determining the incremental nautical miles flown, including any “deadhead” legs, and multiplying that number by the cost to the Company per nautical mile. These amounts are reflected as All Other Compensation to the named executive officer in the Summary Compensation Table below.

A nautical mile is a unit of length used for maritime and aviation purposes. The cost per nautical mile excludes fixed costs which do not change based on usage, such as pilots’ or other associates’ salaries, purchase costs of the aircraft, or non-trip-related hangar expenses. It is derived from the aircraft’s variable operating costs, which include:

- Aircraft fuel expenses;
- Supplies and catering;
- Crew travel expenses;
- Landing and parking expenses; and
- Aircraft maintenance and external labor.

Annual Health Exam. In fiscal 2015, the named executive officers were eligible to receive an allowance of up to \$3,000 for an annual health exam. The Company does not provide a tax gross-up on this benefit. We value the benefit based on the actual charges incurred by the Company for the services provided, which is reflected as All Other Compensation in the Summary Compensation Table below.

Relocation. The Company provides tiered relocation benefits to all associates based on the associate’s position within the organization. At the commencement of their respective employments with the Company, Ms. Risch and Mr. Ellison did not maintain residences near the Company’s Home Office in Texas. The Company provided relocation benefits to each of them for their respective commuting and temporary housing expenses consistent with Company policy for their positions. We value the benefits based on the actual charges incurred by the Company for the benefits provided reduced by the amount of charges permitted under the Company’s policy for the lowest level of benefits provided under the policy. These amounts are reflected as All Other Compensation in the Summary Compensation Table below.

Equity Award Grant Policy

The Committee has adopted a Policy Statement which sets forth its practices regarding the timing of, and approval process for, equity awards. In certain cases, the Committee may waive such policy. The following table sets forth the current Policy Statement.

Grant	Grant Date
Annual Grant	Third full trading date after Committee approval.
Off-cycle grants other than to new hires	Tenth full trading date of the calendar month if the promotion or award is effective or approved by the seventh trading day of the month; otherwise, tenth full trading date of the following calendar month.
Off-cycle grants for new hires	For Senior Vice Presidents and above, third full trading date following the date of hire. For all other associates, tenth full trading date of the calendar month if the date of hire is on or before the seventh trading day of the month; otherwise, tenth full trading date of the following calendar month.

Table of Contents

The Committee also adheres to the following approval policies in making equity awards to associates:

- Equity awards to the CEO must be approved by the independent directors of the Board.
- Equity awards to executive officers other than the CEO, including new hires, must be approved by the Committee.
- The aggregate annual grant of equity awards to associates must be approved by the Committee.
- The authority to approve equity awards to new hires who are not executive officers has been delegated by the Committee to the CEO and/or the Executive Vice President, Human Resources.
- The authority to approve off-cycle equity awards to associates who are not executive officers has been delegated by the Committee to the CEO and/or the Executive Vice President, Human Resources.

Equity awards to the Executive Chairman and the CEO were approved by the independent directors of the Board.

Stock Ownership Goals

The Company strives to align pay with the long-term interests of stockholders. The Board has adopted formal stock ownership goals for senior executives of the Company. The stock ownership goals specify that, within a five-year period, executives should hold an amount of Company stock having a value of:

<u>Role</u>	<u>Stock Ownership Requirement</u>
Chief Executive Officer	6x base salary
Executive Vice President	3x base salary
Senior Vice President	1x base salary

In addition to directly owned stock, shares held in Company qualified and non-qualified savings plans and unvested time-based restricted stock units are included in calculating ownership levels. Unexercised stock options do not count toward the ownership goals. The stock ownership goals also specify that the CEO should retain at least 50% of net shares received pursuant to an equity award payout or exercise if the CEO is below the above-described ownership goal at the time of receipt. All of the named executive officers have met or are on track to meet these goals.

Tax Implications of Our Compensation Policies

Section 162(m) of the Internal Revenue Code (the Code) places a limit of \$1,000,000 on the amount of compensation that we may deduct in any given year with respect to the CEO and certain of our other most highly paid executive officers. There is an exception to the \$1,000,000 limitation for performance-based compensation meeting certain requirements. Our stock option awards and performance-based restricted stock unit awards generally are performance-based compensation meeting those requirements and, as such, are typically fully deductible. Performance-based cash bonus compensation awards under the MICP may also be tax deductible. Our annual base salary and time-based restricted stock units are generally subject to the Section 162(m) deduction limitations. To maintain flexibility in compensating executive officers in view of the overall objectives of our compensation program, the Committee has reserved the right to grant compensation that is not tax deductible should it determine that doing so will better meet the Company's objectives.

Claw-Back Policy

One of the objectives of our compensation program is to make a substantial portion of compensation dependent on the Company's overall financial performance. In the event of a financial restatement arising out of the willful actions, including without limitation, fraud or intentional misconduct, or the gross negligence of any participant in the Company's compensation plans or programs, it is the Board's policy that the Committee shall

Table of Contents

have the authority to determine the appropriate action to take. The compensation plans or programs covered under this policy include, without limitation, cash bonus and stock incentive plans, welfare plans or deferred compensation plans. The Committee's actions under the policy may include requiring relinquishment (claw-back) of previously awarded equity-based incentive compensation and/or repayment of previously paid cash compensation to a participant under such plans and programs.

Prohibition on Hedging and Pledging of Company Stock

The Board considers it inappropriate for directors or executive officers to enter into speculative transactions in Company securities. The Company's Corporate Governance Guidelines prohibit directors and senior management from engaging in short sales, options trading or other similar derivative transactions in Company securities, or hedging or monetization transactions, such as zero-cost collars and forward sale contracts, in which the individual continues to own the underlying security without the full risks and rewards of ownership. In addition, the Company's directors and senior management may not purchase Company securities on margin, hold Company shares in a margin account or pledge Company shares as collateral for a loan because a margin sale or foreclosure sale may occur at a time when such director or officer is prohibited from trading under the Company's insider trading policy.

REPORT OF THE HUMAN RESOURCES AND COMPENSATION COMMITTEE

The Human Resources and Compensation Committee of the Board assists the Board in discharging the Board's responsibilities relating to compensation of the Company's executives, reviews plans and proposals on management succession and major organizational or structural changes, and oversees the administration, financial and investment performance and operation of the Company's retirement and welfare plans. Each member of the Committee is considered independent for purposes of applicable NYSE listing standards as well as the Standards for Determination of Director Independence. You can learn more about the Committee's purpose, responsibilities, composition and other details by reading the Human Resources and Compensation Committee's charter, which is available online at www.jcpenny.com.

The Human Resources and Compensation Committee has reviewed the Compensation Discussion and Analysis and discussed the same with management. Based on our review and discussions with management, we recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K for the 2015 fiscal year and the Company's 2016 Proxy Statement. This report is submitted by the following independent directors, who comprise the Human Resources and Compensation Committee:

* Mr. Ullman is the only named executive officer participating in the Pension Plan or Benefit Restoration Plan.

- (1) The number of years of credited service shown in the table is used to calculate the present value of the accumulated benefit. The number of years for Mr. Ullman reflects his retirement date of January 27, 2012.
- (2) The lump sum present value of the accumulated benefit was computed based on the January 31, 2016 measurement date used in the Company's financial statements for the fiscal year ended January 30, 2016. The assumptions used in calculating the accumulated benefit obligation are also derived from these financial statements and are incorporated herein by reference. The Benefit Restoration Plan amount is based on the present value of Mr. Ullman's remaining annual installment.

Pension Plan. The Pension Plan is a tax qualified defined benefit plan intended to provide retirement income to all eligible associates. To be eligible to participate in the Pension Plan, an associate must:

- have been hired or rehired before January 1, 2007,
- be employed at least one year,
- have 1,000 hours of service, and
- be at least age 21.

Table of Contents

The normal retirement age under the Pension Plan is age 65. The normal retirement benefit formula in the Pension Plan is equal to:

- the average of the participant's highest five consecutive full calendar years of pay (including salary and incentive compensation actually paid during that year), out of the last ten years of service (average final pay) times 0.75%, plus
- 0.50% of the participant's average final pay that exceeds the average of the Social Security taxable wage bases in effect for each calendar year during the 35 year period ending on December 31 of the year an associate reaches the Social Security retirement age, multiplied by
- the participant's years of credited service up to 35 years.

Once a participant has at least 25 years of credited service, he or she is eligible for an additional Pension Plan retirement benefit. This additional benefit is equal to 0.25% of his or her average final pay times his or her years of credited service exceeding 25 years, up to a maximum of 10 years.

The above formula computes a benefit intended to be payable for the participant's life. The primary form of benefit for a single participant is a single life annuity and for a married participant is a 50% qualified joint and survivor annuity. Other annuity benefit payment options are also available. A single life annuity provides a greater annual benefit amount paid over a shorter period of time than a 50% qualified joint and survivor annuity. All benefit payment option forms are actuarially equivalent. The Pension Plan permits participants to elect to receive a lump sum distribution of their entire benefit on termination of employment, and will automatically distribute a terminated participant's benefit if the participant's monthly benefit amount is \$100 or less or the present value of the participant's benefit is \$5,000 or less.

Pursuant to a voluntary program initiated by the Company during 2015, Mr. Ullman elected to receive a lump-sum settlement payment from the Pension Plan to settle the Pension Plan's remaining obligation to him.

Benefit Restoration Plan. The Benefit Restoration Plan (the BRP) is a non-qualified excess defined benefit plan that provides retirement income to eligible associates whose Pension Plan benefit is limited by Code limits on compensation (\$265,000 for 2015 and 2016) or maximum annual benefits (\$210,000 for 2015 and 2016).

The BRP uses the same eligibility, years of credited service, formula, early retirement reductions and retirement age criteria found in the Pension Plan, but without considering the Code imposed limits on a benefit payable under the Pension Plan. The excess benefit over the Code imposed limits in the Pension Plan is paid from the BRP. Mr. Ullman is the only named executive officer who participates in the BRP.

The formula computes an age 65 benefit with payments beginning, for the named executive officers, six months after separation from service. The only form of benefit under the BRP is a five year annual installment option, which is not available under the Pension Plan. The five year installment option produces a higher annual payment than a single life annuity or a qualified joint and survivor annuity, but is actuarially equivalent to such payment forms.

- (1) The amounts shown are included in the salary and incentive compensation numbers shown in the Summary Compensation Table.
- (2) These amounts are not included in the Summary Compensation Table since they do not constitute above market interest or preferential earnings.
- (3) The balance reported includes named executive officer contributions to the Mirror Savings Plan; these amounts were included in the Summary Compensation Table as salary and incentive compensation in the fiscal year earned. Company contributions to the Mirror Savings Plan for fiscal 2015 were included in the All Other Compensation column of the Summary Compensation Table.

Mirror Savings Plan. The Mirror Savings Plan is a non-qualified defined contribution plan which provides associates earning more than the Code compensation limit for qualified savings plans (such as the Savings Plan) the opportunity to defer a portion of their base salary and incentive compensation exceeding the compensation limit as a means of saving for retirement. Accordingly, associates, including named executive officers, earning more than the compensation limit may defer up to 14% of their salary and annual incentive compensation below the Code compensation limit (\$265,000 for 2015 and 2016) and up to 75% of their compensation above the Code compensation limit through the Mirror Savings Plan.

For 2015, the Company match was \$0.50 per dollar deferred up to a maximum of 6% of deferrals on compensation over \$265,000. This matching contribution was credited each pay period. The Company may make additional discretionary matching contributions. Participants become 100% vested in the matching contributions after three years of service.

Generally, all unvested Company matching contributions are forfeited when the participant terminates employment. The Mirror Savings Plan provides that all matching contributions are immediately vested and non-forfeitable if a participant terminates employment due to:

- Retirement at age 65,
- Qualifying for permanent and total disability while working for the Company,
- The work unit or type of work the associate was doing being discontinued (as determined by the Company), or
- Death.

Deferrals and Company matching contributions are credited to the participant's Mirror Savings Plan account and invested according to the participant's investment elections. Earnings on the balance in the participant's Mirror Savings Plan accounts are based on hypothetical investments in the same funds offered under the Savings Plan. Participants can change their investment elections daily.

Generally, a Mirror Savings Plan participant can only receive a distribution following an unforeseen emergency event (as defined under the Code), a change in control, or termination of employment. The only form of payment under the Mirror Savings Plan is a five year annual installment option. As a result of Mr. Ullman's retirement from the Company on January 27, 2012, he is currently receiving distributions from the Mirror

[Table of Contents](#)

Savings Plan and has one annual installment remaining. In addition, as a result of Ms. Dhillon leaving the Company on March 20, 2015, she is currently receiving distributions from the Mirror Savings Plan. No withdrawals or distributions were taken during the year by any of the other named executive officers.

POTENTIAL PAYMENTS AND BENEFITS ON TERMINATION OF EMPLOYMENT

Under our compensation program, described above in “Compensation Discussion and Analysis,” payments and the provision of benefits can be triggered by the termination of an associate’s employment. These payments and benefits may vary depending on the reason for termination as described below.

Except as described below, in the event of an associate’s voluntary termination or the termination of an associate’s employment for cause, the associate is only entitled to receive payments for accrued base salary and vacation through the date of termination and any amounts payable under the terms of the Mirror Savings Plan regardless of whether or not the termination follows a change in control of the Company.

In the event that an associate’s termination is the result of retirement, death or permanent disability, the associate is entitled to additional payments and benefits, regardless of whether or not the termination follows a change in control of the Company.

In the event that an associate is involuntarily terminated without cause, the associate is entitled to additional payments and benefits, which may vary depending on whether or not the termination follows a change in control of the Company. If an associate terminates employment with good reason following a change in control of the Company or, in the case of Mr. Ellison, if he voluntarily terminates employment with good reason at any time, the associate is also entitled to additional payments and benefits.

In order to describe the payments and benefits that are triggered for each termination event for each of the Company’s named executive officers, we have created a table estimating the payments and benefits that would be paid to each of our named executive officers under each element of our compensation program. The table assumes that the named executive officer’s employment terminated on January 29, 2016, which is the last business day of the Company’s last completed fiscal year. The table can be found on page 49.

Termination without a Change in Control

In an effort to attract the best people, the Company offers each of its senior executive officers the right to enter into an Executive Termination Pay Agreement (Termination Pay Agreement) with the Company. The Executive Chairman has elected not to enter into a Termination Pay Agreement. The form of the agreement was approved by the Committee and reviewed by its independent consultant. The Termination Pay Agreement is intended to provide the executive with severance benefits in exchange for the executive’s agreement to comply with certain restrictive covenants. The benefits payable under these agreements are not available if the executive receives the benefits under the CIC Plan, which are described later in this section.

The primary purpose of the Termination Pay Agreement is to provide for severance benefits in the event of involuntary termination of the executive’s employment without cause. For purposes of the Termination Pay Agreement, cause includes:

- An intentional act of fraud, embezzlement, theft or other material violation of law;
- Intentional damage to the Company’s assets;
- Intentional disclosure of confidential information in violation of the Company’s policies;
- Material breach of the executive’s obligations under the Termination Pay Agreement;
- Breach of the executive’s duty of loyalty to the Company;
- Failure of the executive to substantially perform the duties of his or her job (other than as a result of physical or mental incapacity); or
- Intentional breach of Company policies or willful misconduct by the executive that is in either case materially injurious to the Company.

[Table of Contents](#)

Under the Termination Pay Agreement, if an executive is involuntarily terminated without cause or, in the case of Mr. Ellison, voluntarily terminates employment for good reason, he or she will receive the benefits set forth in the table below. The standard form of Termination Pay Agreement was revised in December 2013 and again in December 2015. The table below sets forth the benefits to be received by an executive based on the form of Termination Pay Agreement to which he or she is a party.

Benefits	Form of Termination Pay Agreement prior to December 2013	Form of Termination Pay Agreement from December 2013 to December 2015	Form of Termination Pay Agreement after December 2015

Table of Contents

As noted above, Mr. Ellison's Termination Pay Agreement also provides the above-described benefits if he voluntarily terminates employment with the Company for good reason. For purposes of Mr. Ellison's Termination Pay Agreement, good reason consists of:

- A reduction in base salary or target annual cash incentive opportunity;
- Involuntary relocation of more than 50 miles;
- A materially adverse change in the executive's duties or responsibilities;
- The Company's failure to nominate Mr. Ellison for election to the Board; or
- Failure to make any material payments when due.

For Mr. Ellison to receive benefits under his Termination Pay Agreement in connection with a termination for good reason, he must terminate employment within 180 days of the date the good reason event occurred. Notice of a good reason event must be provided to the Company within 30 days of the event and the Company must be given a 30-day opportunity to correct the situation.

In addition to providing severance payments in the event of an involuntary termination without cause, the Termination Pay Agreement also includes certain limited benefits in the event of death or termination due to permanent disability. In such case, the executive will receive a lump sum cash payment as soon as practicable after termination equal to prorated annual incentive compensation for service during the year at 100% of the executive's target incentive compensation opportunity, less any amount contributed to the Mirror Savings Plan.

By entering into a Termination Pay Agreement, the executive agrees to the following restrictive covenants:

- Obligation not to disclose confidential or proprietary information of the Company, which continues indefinitely following termination of employment;
- Obligation to refrain from activities designed to influence or persuade any person not to do business or to reduce its business with the Company, which continues for the applicable severance period following termination of employment;
- Obligation to refrain from attempting to influence or persuade any of the Company's employees to leave their employment with the Company and to refrain from directly or indirectly soliciting or hiring employees of the Company, which continues for the applicable severance period following termination of employment; and
- Obligation not to undertake work for a competing business, which continues for the applicable severance period following termination of employment.

The standard forms of Termination Pay Agreements used by the Company prior to December 2015 provided that the noncompetition covenant may be waived by the executive; however, he or she must then forego any severance benefits available under the Termination Pay Agreement. In the event the executive breaches any of the covenants listed above, the Company will not be obligated to make any further payments under the agreement and may seek to recover damages from the executive.

Ms. Evanson has a Termination Pay Agreement in the form used by the Company prior to December 2013. Ms. Link and Mr. Record have Termination Pay Agreements as revised in December 2013. Ms. Risch has a Termination Pay Agreement as revised in December 2015. Mr. Ellison is also party to a separate Termination Pay Agreement that provides the benefits described in the table above for Termination Pay Agreements as revised in December 2013. Ms. Dhillon and Mr. Laverty were parties to Termination Pay Agreements in the form used by the Company prior to December 2013. The amount paid to Ms. Dhillon under the terms of her Termination Pay Agreement is reflected as All Other Compensation in the Summary Compensation Table. In addition, all of Ms. Dhillon's equity awards vested in accordance with her Termination Pay Agreement. The vested equity awards are reflected in the Option Exercises and Stock Vested for Fiscal 2015 Table. Under the terms of Mr. Laverty's agreement, in connection with his separation from service from the Company and following his execution of a release and expiration of the revocation period under the release, he received severance benefits in the amount of \$1,295,455, which were paid following the end of fiscal year 2015 as well as vesting of equity awards previously granted to him.

Change in Control; Termination Following a Change in Control

The Company's executive officers participate in the change in control plan in effect on the date upon which they became eligible for benefits under the change in control plan. All of our named executive officers, other than Mr. Ullman, participate in the CIC Plan. Mr. Ullman does not participate in a change in control plan. None of our named executive officers are entitled to a tax gross-up payment in respect of any excise taxes imposed on the benefits payable under their respective plan.

The CIC Plan provides benefits to the Company's executives if their employment is terminated as a result of an involuntary separation from service by the Company other than for cause within two years of the occurrence of a change in control of the Company. The CIC Plan also provides benefits to an executive if the executive terminates employment with the Company for Good Reason following a change of control. Good Reason consists of:

- A material reduction in the executive's base salary or target annual cash incentive opportunity;
- Involuntary relocation of more than 50 miles;
- A materially adverse change in the executive's duties or responsibilities;
- A material diminution in the budget over which the executive has responsibility;
- A material adverse change in the executive's supervisor's duties or responsibilities, including a change in the supervisor to whom the executive is required to report; or
- Failure of the Company to continue a material benefit or a material reduction in the benefits in which the executive participated prior to the occurrence of the change in control, unless replaced by a substantially equivalent benefit.

For an executive to receive benefits under the CIC Plan, a Good Reason event with respect to such executive must occur within two years of the occurrence of a change in control of the Company, and if the Good Reason event is not cured by the Company following timely notice of the event by the executive, the executive must terminate employment within the later of (i) two years of the change in control or (ii) 180 days of the date the Good Reason event occurred.

Change in control is defined as (i) the acquisition by any person, entity or group of 30% or more of the Company's outstanding common stock, (ii) the replacement of a majority of the Board, (iii) a reorganization, merger or consolidation, or the sale of all or substantially all of the Company's assets, subject to certain exceptions, or (iv) a complete liquidation or dissolution of the Company.

Notice of a Good Reason event must be provided to the Company within 90 days of the event and the Company must be given a 30-day opportunity to correct the situation without having to pay benefits under the CIC Plan.

For purposes of the CIC Plan, cause includes the failure of the executive to substantially perform the duties of his or her job, failure of the executive to follow Company policy, engagement by the executive in illegal conduct, or gross misconduct injurious to the Company.

The CIC Plan provides a three-tiered benefit structure based on the executive's position and responsibilities within the Company. Tier I participants, which include the CEO and executives reporting directly to the CEO, are entitled to receive cash severance of 2.99 times annualized base salary plus target annual cash incentive opportunity (at 100%) at the time of termination. Tier II participants, which include Executive Vice Presidents who do not report directly to the CEO, are entitled to receive cash severance of 2.5 times base salary plus target annual cash incentive opportunity (at 100%) at the time of termination. The Tier III participants (Senior Vice Presidents who participate in the CIC Plan) are entitled to receive cash severance of two times annualized base salary plus target annual cash incentive opportunity (at 100%) at the time of termination.

Table of Contents

In addition to the cash severance payments, all participants in the CIC Plan are entitled to receive the following at the time of termination:

- Accrued base salary and pay in respect of earned but unused paid time off through the date of termination;
- The average of the participant's actual annual incentive compensation payments under the MICP for the three fiscal years prior to the fiscal year of termination or, if termination occurs on the last day of the fiscal year, the actual annual cash incentive compensation, if greater, less any amount contributed to the Mirror Savings Plan;
- A lump sum payment in respect of additional paid time off, if any, under the Company's paid time off policies;
- A lump sum payment representing the incremental value of additional years of age and service credited to the executive (equal to the executive's cash severance multiple) with respect to the BRP and Mirror Savings Plan, to the extent the executive participates in either of these plans;
- A lump sum payment representing the Company-financed portion of the premium toward medical, dental and life insurance coverages for the number of years equal to the applicable cash severance multiple for the executive, grossed-up for federal income taxes; and
- A lump sum payment of \$25,000 toward outplacement and financial counseling services, and, to the extent applicable and allowable by law, reimbursement of legal fees and expenses incurred in defense of the executive's rights under the plan.

Additionally, participants in the CIC Plan are eligible for up to one year of additional age and service credit for purposes of determining retiree eligibility under the Company's medical, dental, life insurance, long term care insurance, and lifetime discount programs.

In addition to the benefits provided by the CIC Plan, some of the Company's other plans and programs, such as the Company's equity compensation plans, also include specific benefits payable to associates in the event of a change in control of the Company. The Company's 2012 Long-Term Incentive Plan and 2014 Long-Term Incentive Plan provide that vesting of outstanding equity awards is accelerated if the participant's employment is terminated as a result of an involuntary separation from service by the Company other than for Cause within two years of the occurrence of a change in control of the Company. For purposes of these plans, a change of control is defined as (i) the acquisition by a person or group of more than 50% of the total voting power of the Company's common stock, (ii) the acquisition by a person or a group within a twelve-month period of 30% of the total voting power of the Company's common stock or the replacement of a majority of the Board within a twelve-month period unless approved by a majority of the Board, or (iii) the acquisition by a person or group of 40% or more of the assets of the Company. The plans also provide for vesting acceleration of outstanding awards if the participant terminates employment with the Company for Good Reason within two years of the occurrence of a change in control of the Company. The definition of Good Reason under these plans is the same as the definition under the CIC Plan.

- (1) Each non-employee director receives an annual stock grant consisting of a number of restricted stock units having a market value nearest to \$150,000. For fiscal 2015, the number of units was determined by dividing \$150,000 by the closing price of Company common stock on the date of grant (rounded to the nearest whole unit). The amounts shown in this column include the fair value of the annual stock award for fiscal 2015, which was based on the closing price of JCPenney common stock on the date of grant, which was \$8.66. The date of grant of the annual stock grant to non-employee directors is the third trading date following the Company's Annual Meeting of Stockholders.

Cash Retainers and Stock Award

Directors who are Company associates do not receive directors' fees. The Corporate Governance Committee has the responsibility for recommending to the Board the appropriate compensation for non-employee directors. The Corporate Governance Committee conducts periodic reviews to assure that non-employee directors are being fairly and reasonably compensated in relation to comparable U.S. companies and did not make any changes in director compensation in fiscal 2015. Non-employee directors receive the following compensation:

- An annual cash retainer of \$70,000;
- An annual award of restricted stock units with a market value at the time of grant of \$150,000;
- An annual cash retainer of \$20,000 for the chairs of the Audit Committee and the Human Resources and Compensation Committee;
- An annual cash retainer of \$15,000 for the chairs of the Corporate Governance Committee and the Finance and Planning Committee;
- An annual cash retainer of \$25,000 for the Lead Independent Director;
- An annual cash retainer of \$100,000 for a Non-Executive Chairman of the Board; and
- An annual cash retainer of \$5,000 for directors who are Representatives under an Indemnification Trust Agreement among the Company, its wholly owned subsidiary, J. C. Penney Corporation, Inc., and JPMorgan Chase Bank, as trustee (currently Directors Barrett, Engibous and Turner).

Director compensation covers the period from June 1 to May 31 following the election of directors at the annual meeting in May. The cash retainers are payable quarterly. Non-employee directors are reimbursed for expenses incurred for attending any meeting which they attend in their official capacities as directors. Director equity awards are required to be held until the director's service ends.

Election to Receive Common Stock; Deferral

Directors may elect to receive all or a portion of their cash retainers in Company common stock. Two directors elected to receive all or part of their fiscal 2015 cash retainers in Company common stock. A director may also elect to defer payment of all or part of their cash retainers under the terms of a deferred compensation plan for directors. No current director has elected such deferral.

Directors' Charitable Award Program

The Directors' Charitable Award Program was frozen by the Board in 2000. Two of the current directors participate in the program. The Charitable Award Program was designed to acknowledge the service of directors and to recognize the mutual interest of directors and the Company in supporting worthy charitable and educational institutions. Pursuant to the Charitable Award Program, the Company has purchased joint life insurance policies on groups of directors (in the event of an uneven number of directors, a single life policy was purchased). Each group generally consists of two directors with the Company named as the beneficiary of each joint life policy. With respect to each group, the Company will receive a \$1,000,000 death benefit upon the death of the second director of the group. The Company in turn has informally agreed to donate a total of \$1,000,000 to one or more charitable organizations as recommended by the individual directors. The Company will donate \$500,000 upon the earlier of (i) five years after the date of death of the first director of the group to die or (ii) the death of the second director of the group. The Company will donate an additional \$500,000 upon the death of the second director of the group. Because all charitable deductions accrue solely to the Company, the individual directors derive no financial benefits from this program.

Directors' Matching Fund

Members of the Board may be involved with charitable organizations to which they provide support in the form of personal charitable contributions. As with the Charitable Award Program, the Company has established

[Table of Contents](#)

the Directors' Matching Fund to benefit and recognize the mutual interest of directors and the Company in supporting worthy charitable and educational institutions. Under the Directors' Matching Fund, directors may request the Company to match dollar-for-dollar their personal charitable contributions up to \$10,000 per fiscal year. All or part of the matching contributions may be allocated to one or several organizations that have been determined to be charitable organizations under Section 501(c)(3) of the Code or that are a political subdivision of the state. Matches may only be made on personal gifts that have been paid within that fiscal year, not pledged.

AUDIT FUNCTION

Report of the Audit Committee

Composition and Qualifications

The Audit Committee of the Board is composed of four independent directors and operates under a written charter, in accordance with applicable rules of the SEC and the NYSE. The Corporate Governance Committee and the full Board considers membership for the Audit Committee annually. The current members of the Audit Committee are B. Craig Owens, Stephen I. Sadove, Javier G. Teruel and Leonard H. Roberts, who serves as its Chair. The Board of Directors has determined that each member is “financially literate” and qualifies as an “audit committee financial expert,” as those terms are defined by the NYSE and the SEC.

Purpose

The purpose of the Audit Committee is to assist the Board in monitoring: (i) the Company’s accounting and financial reporting processes, including internal control over financial reporting; (ii) the Company’s compliance with legal and regulatory requirements; (iii) the independence and qualifications of the Company’s independent auditor; and (iv) the performance of the Company’s internal auditors and independent auditor.

Responsibilities

Management is responsible for maintaining adequate internal control over financial reporting. KPMG LLP is responsible for expressing opinions on the conformity of the Company’s audited consolidated financial statements with U.S. generally accepted accounting principles and on the effectiveness of the Company’s internal control over financial reporting. The Audit Committee’s responsibility is to monitor and oversee these processes. The Audit Committee is also solely responsible for the selection and termination of the Company’s independent auditor, including the approval of audit fees and non-audit services provided by and fees paid to the independent auditor.

Review of Financial Information

In this context, the Audit Committee has met and held discussions with management of the Company, who represented to the Audit Committee that the Company’s audited consolidated financial statements were prepared in accordance with U.S. generally accepted accounting principles. The Audit Committee has reviewed and discussed the audited consolidated financial statements, management’s assessment of the effectiveness of the Company’s internal control over financial reporting, and KPMG LLP’s evaluation of the Company’s internal control over financial reporting with both management and the independent auditor. The Audit Committee also discussed with the independent auditor the matters required to be discussed by the Statement on Auditing Standard No. 16 (Communications with Audit Committees). The Audit Committee has received the written disclosures and the letter from the independent auditor required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditor’s communications with the Audit Committee concerning independence, and the Audit Committee discussed with the independent auditor its independence. The Audit Committee also participated in the certification process relating to the filing of certain reports pursuant to the Exchange Act.

Inclusion of Consolidated Financial Statements in Form 10-K

Based on the review and discussions referred to above, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the Company’s Annual Report on Form 10-K for the year ended January 30, 2016 for filing with the SEC.

For proposed projects using the services of the Company's independent auditor that are expected to cost over \$200,000, or 5% of the auditor's fee for the preceding year, whichever is lower, the Audit Committee will be provided information to review and must approve each project prior to commencement of any work. Approval by the Audit Committee may be made at its regularly scheduled meetings or otherwise, including by telephonic or other electronic communications. The Company will report the status of the various types of approved services and fees, and cumulative amounts paid and owed, to the Audit Committee on a periodic basis as appropriate.

PROPOSAL 2 — RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITOR

KPMG LLP, independent certified public accountants, member of the SEC Practice Section of the AICPA Division for CPA firms, and registrant with the Public Company Accounting Oversight Board, has been the auditor of the Company's consolidated financial statements since 1916. Its appointment as the Company's independent auditor for the fiscal year ending January 28, 2017 has been approved by the Audit Committee of the Board. Stockholder ratification of such appointment is requested.

It is anticipated that a representative of KPMG LLP will attend the meeting, will be available to respond to appropriate questions, and will have an opportunity to make a statement should he or she so desire.

The Board recommends a vote FOR the ratification of the appointment of KPMG LLP.

In addition, shares underlying any outstanding stock award or stock option grant from prior plans that are canceled prior to vesting or exercise become available for use under the 2014 Plan. No shares remain available for future issuance from prior plans.

Historical Equity Award Data

The table below sets forth the Company's burn rate for each of the last three fiscal years and the three-year average burn rate. Burn rate is calculated as (i) the number of stock options and time-based restricted stock units (TBRsUs) granted, plus (ii) the number of performance-based restricted stock units (PBRsUs) earned, divided by (iii) the weighted average basic common shares outstanding in the year indicated.

If the three-year average burn rate were calculated in option-equivalents with one TBRsU or PBRsU treated as equivalent to 1.5 options, the three-year average would be 3.18%, as shown in the table below.

PROPOSAL 3 — APPROVAL OF 2016 LONG-TERM INCENTIVE PLAN

Introduction.

The Board has adopted, subject to stockholder approval, the J. C. Penney Company, Inc. 2016 Long-Term Incentive Plan, to be effective May 20, 2016 (the 2016 Plan). The principal features of the 2016 Plan are summarized below, but such description is qualified in its entirety by reference to the full text of the 2016 Plan which is included as Annex A to this Proxy Statement. All capitalized terms not defined in this Proposal 3 will have the meanings set forth in Annex A to this Proxy Statement.

The 2016 Plan is intended to provide long-term incentives to associates and non-associate directors of the Company in order to align the interests of such associates and non-associate directors with those of the Company's stockholders, to motivate associates to achieve business objectives promoting the long-term growth, profitability and success of the Company, and to assist the Company in retaining and attracting the best associates and non-associate directors in retail.

The 2016 Plan will be administered by, or under the direction of, a committee of the Board constituted in such a manner as to comply at all times with Rule 16b-3 or any successor rule promulgated by the SEC under the Exchange Act, as in effect from time to time, and Section 162(m) of the Internal Revenue Code (the Code). The Board has designated the Human Resources and Compensation Committee of the Board as the plan committee (the Plan Committee).

The 2016 Plan allows for grants of stock options, stock appreciation rights (SARs) and stock awards (collectively, Equity Awards) and cash incentive awards (together with Equity Awards, Awards) to associate participants and Equity Awards to non-associate director participants. Under the 2016 Plan, Awards to associate participants may be subject to conditions such as continued employment, qualifying termination, passage of time and/or satisfaction of performance criteria as specified in the 2016 Plan or set by the Plan Committee.

The Board recommends a vote FOR the proposal to approve the 2016 Plan.

Principal Features of the 2016 Plan.

General. The principal features of the 2016 Plan are:

- Fungible share design in which each stock option and SAR will count as one share issued and each stock award, including restricted stock and restricted stock units, will count as 1.6 shares issued;
- Reserves a total of 12,250,000 shares of common stock or 19,600,000 options for use under the 2016 Plan;
- Minimum one-year vesting for restricted stock and stock unit awards except in certain limited situations;
- Annual limit on Equity Awards granted to each non-associate director of \$500,000 based on grant date fair value;
- Performance Awards are to be tied to Performance Goals to be set by the Plan Committee;
- Independent administration of the 2016 Plan by the Plan Committee;
- Limits Incentive Stock Options (ISOs) to no more than 19,600,000 options;
- Limits performance-based cash incentive awards to any participant in any calendar year to the product of \$2,000,000 and the number of years in the performance cycle;
- Limits stock option and SAR awards to any one participant to no more than 4,000,000 options during any fiscal year;
- Limits performance-based Equity Awards to any one participant to no more than 3,000,000 shares during any fiscal year;
- Provides that shares subject to Awards under the 2016 Plan or under prior plans that are cancelled or forfeited, or terminate, lapse or expire for any reason, or settle without full delivery of the shares of common stock underlying such Award, may again be available for issuance;

Table of Contents

- Prohibits repricing, exchange and buyout of stock options and SARs without prior approval of stockholders; and
- Option and SAR terms may not exceed 10 years from the date of grant, except in certain limited circumstances.

Associate Participants.

General. Associate participants in the 2016 Plan are generally to be selected management employees of the Company and its subsidiaries as determined by the Plan Committee. Currently, it is anticipated that approximately 600 associates will be eligible to participate.

Stock Options. Option grants will generally be made in amounts based on an associate participant's position, responsibilities or salary and such other factors as the Plan Committee may deem relevant. An associate participant may receive one or more option grants and may receive Non-Qualified Stock Options (NSOs) and ISOs, as determined by the Plan Committee. It is currently expected that the Stock Option portion of any Award will be delivered in NSOs which will vest over a three-year period.

Price. The option price under each option may not be less than 100% of the fair market value of JCPenney common stock on the date of grant, which is the closing price of JCPenney common stock on the NYSE on the applicable date. The closing price of JCPenney common stock on March 21, 2016, as reported on the NYSE, was \$11.53 per share. The exercise price of the shares as to which a Stock Option is exercised may be paid in cash, with shares of JCPenney common stock already owned by the associate or through withholding of shares that would otherwise be received as a result of the Stock Option exercise.

Stock Awards. The Plan Committee may award shares of common stock or stock units to such associate participants and on such bases as it may determine. The Plan Committee may determine the types of awards made, the number of shares, and any other terms, conditions or restrictions relating to the awards, as it may deem appropriate.

Stock Appreciation Rights. SARs may be granted to such associate participants and on such terms and conditions as the Plan Committee may determine and may be granted independently or in tandem with related awards or options, either concurrently with or after the related award or option date. A SAR will generally entitle an associate participant to receive the number of shares of JCPenney common stock equal in value to the excess of the fair market value of each share of JCPenney common stock covered by the SAR on the date of exercise over the exercise price of the SAR, but may, at the discretion of the Plan Committee, be settled in cash.

Cash Incentive Awards. The Plan Committee may also grant cash incentive awards to such associate participants on such terms and conditions as it may determine. Cash incentive awards are annual or long-term performance-based awards expressed in U.S. dollars.

Performance-Based Awards. Any Award granted pursuant to the 2016 Plan may be made in the form of a performance-based Award. Performance-based Awards are made based on the measurement of performance against certain Performance Goals over a Performance Period. The Plan Committee may use one or more of several business criteria for the purpose of establishing a Performance Goal, including:

- Earnings Per Share;
- Total Stockholder Return;
- Operating Income;
- Net Income;
- Cash Flow;
- Gross Profit;
- Gross Profit Return on Investment (or Inventory);

Return on Equity;
Return on Capital;
Sales;
Revenues;
Gross Margin;
Gross Margin Return on Investment (or Inventory);
Earnings Before Interest, Taxes, Depreciation and Amortization;

Operating Profit.

The Plan Committee may establish any special adjustments in calculating whether Performance Goals have been met including taking into consideration the effect of any event not directly related to the operations of the Company or not within the reasonable control of management. These Performance Goals are intended to comply with Section 162(m) of the Code regarding the deductibility of executive compensation. A performance-based award may not have a vesting period of less than one year and a performance-based cash incentive award may not have a Performance Period of less than one year.

Terms of Options and SARs. An option or SAR granted under the 2016 Plan will become exercisable on such terms and at such times as the Plan Committee may determine. In the event of employment termination due to death, disability, retirement, or other circumstances, as deemed appropriate by the Plan Committee, the 2016 Plan authorizes post-termination exercise periods, but not beyond the options' or SARs' original expiration date. In no event may an ISO be exercised more than 10 years after its grant date. Generally, an NSO and a SAR may not be exercised more than 10 years after its grant date, or such shorter time period as determined by the Plan Committee.

Transferability. No unearned Stock Award or vested or unvested Stock Option, or any portion thereof, may be assigned or transferred except by will or the laws of descent or distribution, or by such other means as the Plan Committee, in its discretion, may approve. No Stock Option or SAR shall be exercisable during the associate participant's lifetime except by the associate participant or the associate participant's guardian or legal representative, or other third party, as the Plan Committee may determine.

Deferral. Unless specifically provided for in the Award Notice or the determination of the Plan Committee, no Equity Award shall provide any feature for the deferral of compensation as defined by Treasury Regulation section 1.409A-1(b). Any deferral will be for such period and in accordance with the terms and conditions as the Plan Committee may determine and must be in compliance with Code Section 409A. The terms and conditions applicable to such deferral and the terms and conditions evidencing compliance with Code Section 409A shall be set forth in the Award Notice or the determinations. The method of payment for, and type and character of, any Award may not be altered by any deferral unless specifically permitted under Code Section 409A and the Treasury Regulations thereunder.

Term of Plan. The 2016 Plan will terminate on May 31, 2021. After this date, no Awards may be made under the 2016 Plan and any Performance Goal may be deemed to have been met on such terms as the Plan Committee may determine at the time of grant.

Change in Control. Upon an involuntary termination of an associate participant's employment within two years following a Change in Control, the associate participant shall have the right to exercise any and all Stock Options and SARs held by such associate participant, and all Stock Awards held by such associate participant shall immediately vest, be deemed to have been earned and any Performance Goal for the then applicable Performance Period met, on such terms and conditions as may be determined by the Plan Committee at the time of the grant or award. The Plan Committee has the discretion on a Change in Control to terminate the 2016 Plan and distribute amounts that were vested as of the effective date of the Change in Control within 12 months of the Change in Control event.

Federal Income Tax Consequences.

The following discussion summarizes the United States federal income tax consequences under current federal tax law generally arising with respect to awards granted under the 2016 Plan. This summary is not intended to be exhaustive and the exact tax consequences to any participant will depend on various factors and the participant's particular circumstances. This summary is based on present laws, regulations and interpretations and is not a complete description of federal tax consequences. This summary of federal tax consequences may change in the event of a change in the Code or regulations thereunder or interpretations thereof. We urge participants in the 2016 Plan to consult their tax advisors with respect to any state, local and foreign tax considerations or particular federal tax implications of awards made under the 2016 Plan prior to taking action with respect to an award. The 2016 Plan is not intended to be a "qualified plan" under Section 401(a) of the Code.

Non-Qualified Stock Options. An associate participant will not be subject to tax at the time an NSO is granted, and no tax deduction is then available to the Company. On the exercise of an NSO, the associate participant will realize ordinary income in an amount equal to the difference between the exercise price and the fair market value of the shares acquired on the date of exercise. The Company will generally be entitled to deduct an amount equal to the ordinary income realized by the associate participant in the Company's tax year in which the associate participant realizes the ordinary income. On disposition of shares acquired on exercise, appreciation or depreciation after the date of exercise will generally be treated by the associate participant as a capital gain or loss, as applicable.

Incentive Stock Options. An associate participant will not be subject to regular income tax at the time an ISO is granted or exercised, and no tax deduction is then available to the Company; however, the associate participant may be subject to the alternative minimum tax, or AMT, on the excess of the fair market value of the shares received on exercise of the ISO, or the ISO Shares, over the exercise price. On disposition of ISO Shares, the associate participant will generally recognize capital gain or loss in an amount equal to the difference between the exercise price and the sale price, as long as the participant has not disposed of the shares within two years after the date of grant or within one year after the date of exercise (a "disqualifying disposition") and has been employed by the Company or a subsidiary at all times from the grant date until the date three months before the date of exercise (one year in the case of disability).

If the associate participant disposes of the ISO Shares in a disqualifying disposition, the participant will recognize ordinary income equal to the excess of the fair market value of the ISO Shares on the date the ISO is exercised over the exercise price with any remaining gain or loss being treated as capital gain or loss, respectively. The Company is not entitled to a tax deduction on either the exercise of an ISO or on disposition of the ISO Shares acquired pursuant to the exercise of an ISO, except to the extent that the participant recognizes ordinary income on disposition of the shares. If in the event an option intended to be an ISO fails to qualify as an ISO, for example if the associate participant does not satisfy both the employment requirements in connection with the exercise of the ISO and the holding period requirement, the ISO will be taxed as an NSO as described above.

Payment of the Exercise Price with Stock. If an associate participant surrenders common stock that the associate participant already owns as payment for the exercise price of a stock option, the associate participant will not recognize gain or loss as a result of the surrender, except under certain circumstances related to the surrender of ISO Shares for which the holding period requirement has not been satisfied. The number of shares received on exercise of the option equal to the number of shares surrendered will have a tax basis equal to the tax basis of the surrendered shares. The holding period for those shares will include the holding period for the shares surrendered. The remaining shares received will have a basis equal to the amount includible in the associate participant's taxable income on receipt of such shares. The associate participant's holding period for the remaining shares will commence on the date of exercise.

Stock Awards. An associate participant will be taxed on the fair market value of the shares of common stock in the taxable year in which the grant occurs, unless the underlying shares are substantially nonvested (i.e. both

Table of Contents

nontransferable and subject to a substantial risk of forfeiture). An associate participant who wishes to recognize income with respect to substantially non-vested shares in the taxable year in which the grant occurs may, however, do so by making a special election, a so-called Section 83(b) Election, to pay tax in the year the grant is made. An associate participant who is subject to Section 16(b) of the Exchange Act who receives stock will recognize ordinary income equal to the fair market value of the shares of stock received at the later of (i) the applicable date, or (ii) the earlier of: (a) the date on which the shares are transferable, or (b) the date on which the restrictions lapse, unless the associate participant makes a Section 83(b) Election to report the fair market value of such shares received as ordinary income in the taxable year of receipt. The Company may deduct an amount equal to the income recognized by the associate participant, provided that the associate participant's compensation is within the statutory limitations of Section 162(m) of the Code. On the sale or disposition of shares of stock, an associate participant will recognize taxable income equal to the difference between the amount realized by the associate participant on the disposition of the stock and the associate participant's basis in the stock. The basis of the restricted shares will be equal to the fair market value of the shares of stock on the date the associate participant recognizes ordinary income as described above. The gain or loss will be taxable to the associate participant as a capital gain or deductible by the associate participant as a capital loss (either short-term or long-term, depending on the holding period of the stock), provided that the associate participant held the stock as a capital asset.

Restricted Stock Unit Awards. An associate participant will not be subject to tax at the time a restricted stock unit is granted, and no tax deduction is then available to the Company. On vesting of the restricted stock unit, an associate participant will generally realize ordinary income equal to the value of the shares of common stock or cash received. The basis of any shares delivered in payment for restricted stock units will be equal to the fair market value of the shares on the date the associate participant recognizes ordinary income as described above. The Company may deduct an amount equal to the income recognized by the associate participant, provided that the associate participant's compensation is within the statutory limitations of Section 162(m) of the Code.

Stock Appreciation Rights and Other Stock-Based Awards. An associate participant will not be subject to tax at the time a SAR is granted, and no tax deduction is then available to the Company. On exercise of a SAR, the associate participant will generally realize ordinary income equal to the value of the shares of common stock or cash received. The Company may deduct an amount equal to the income recognized by the associate participant, provided the associate participant's compensation is within the statutory limitations of Section 162(m) of the Code.

Performance Awards. In order for an award granted under the 2016 Plan to qualify as performance-based awards under Section 162(m) of the Code, the grant or vesting of the award must be subject to the achievement of performance goals based on the attainment of specified levels of one or more performance measures, as specified in the 2016 Plan. Performance measures may be absolute in their terms or measured against or in relationship to other companies comparably, similarly or otherwise situated and may be based on or adjusted for any other objective goals, events or occurrences established by the Plan Committee for a performance period. Such performance measures may be particular to a line of business, subsidiary or other unit or may be based on the performance of the Company generally.

Section 162(m) of the Code.

Section 162(m) of the Code generally disallows a public company's tax deduction for compensation paid to its covered employees as defined in Section 162(m) of the Code to the extent such compensation exceeds \$1,000,000 in any tax year; however, compensation that qualifies as "performance-based compensation" is excluded from this \$1,000,000 deduction limit and therefore remains fully deductible by the company. The Company intends that options and SARs granted with an exercise price at least equal to 100% of the fair market value of the underlying shares of common stock of the Company at the date of grant to associates the Plan Committee expects to be named executive officers at the time a deduction arises in connection with these options, qualify as "performance-based compensation." It is also the intent of the Company that performance-

Table of Contents

based Awards to associates the Plan Committee expects to be named executive officers at the time a deduction arises in connection with these Awards, qualify as “performance-based compensation.” While the Company understands that stock awards or restricted stock unit awards that vest solely on the passage of time will be subject to the deduction limitations of Section 162(m), the Company reserves the right to make grants that do not qualify for the performance exception, and the Company’s tax deductions for those grants may be limited or eliminated as a result of the application of Section 162(m).

Section 409A of the Code.

For associate participants who are “key employees,” as defined in Code Section 409A and regulations promulgated under that Section, distributions of certain deferral amounts may occur no earlier than six months following the key employee’s separation from service from the Company. It is the intent of the Company that no awards under the 2016 Plan be subject to Section 409A of the Code unless and to the extent that the Plan Committee specifically determines otherwise. The terms and conditions of any award that the Plan Committee determines will be subject to Section 409A will be set forth in the applicable Award Notice and will be designed to comply in all respects with Section 409A. If the award fails to comply with the applicable requirements of Section 409A, the deferred compensation for the year in which the failure to comply with Section 409A occurs and for all preceding taxable years under the award and any other plan or arrangement required to be aggregated with the award may be includible in the participant’s gross income for the taxable year in which the failure occurs, to the extent such amounts are not subject to a substantial risk of forfeiture and have not previously been included in the participant’s gross income. The amounts so included are also subject to an additional income tax equal to twenty percent of the amount required to be included in gross income and to interest equal to the underpayment rate specified by the IRS plus one percentage point, on the underpayments of income tax that are deemed to have occurred because the compensation was not included in income for the taxable year when it was first deferred, or if later, when the compensation was no longer subject to a substantial risk of forfeiture.

Non-Associate Director Participants.

General. Each director who is presently not an employee of the Company (Non-Associate Director) will generally be awarded an annual Equity Award in an amount which the Board determines and pursuant to such terms, conditions and restrictions as determined by the Board. Annual Equity Awards granted to each Non-Associate Director may not exceed \$500,000 based on grant date fair value. Currently, there are nine Non-Associate Directors eligible to participate in the 2016 Plan. An initial grant will also automatically be granted to each new Non-Associate Director participant on his or her first being elected as a director in a pro rata amount of the annual Equity Award for that year, based on the date of election.

Non-Transferability. A Non-Associate Director participant may not transfer, sell, assign, pledge or otherwise encumber or dispose of any shares of common stock received in connection with an annual Equity Award while serving as a director.

Federal Income Tax Consequences. The federal income tax implications for Non-Associate Director participants are substantially similar to those for associate participants, except that Non-Associate Director participants may not receive ISOs or cash incentive awards. Any election to defer compensation and any election to defer distributions will be made in compliance with Code Section 409A, if applicable.

Miscellaneous.

The Board may amend the 2016 Plan from time to time as it deems advisable and may terminate the 2016 Plan at any time. Amendments to increase the total number of shares of the common stock reserved under the 2016 Plan or that otherwise constitute material changes to the 2016 Plan under applicable tax or securities laws or the listing standards of the NYSE require stockholder approval. Except as otherwise provided in or permitted by the

[Table of Contents](#)

2016 Plan or by the terms, if any, of an Award under the 2016 Plan, no termination or amendment of the 2016 Plan or change in the terms of an outstanding Award may adversely affect the rights of the holder of any Award without the consent of the holder. If the 2016 Plan is approved by stockholders, no further awards will be granted under any prior plan after the effective date of the 2016 Plan.

64 2016 Proxy Statement

PROPOSAL 4 — APPROVAL OF 2016 EMPLOYEE STOCK PURCHASE PLAN

Introduction.

The Board has adopted, subject to stockholder approval, the J. C. Penney Company, Inc. 2016 Employee Stock Purchase Plan, to be effective May 20, 2016 (the ESPP). The principal features of the ESPP are summarized below, but such description is qualified in its entirety by reference to the full text of the ESPP which is included as Annex B to this Proxy Statement. All capitalized terms not defined in this Proposal 4 will have the meanings set forth in Annex B to this Proxy Statement.

The Board believes that the ESPP would be a key benefit to associates and an important component of our efforts to attract and retain talent. The ESPP would also provide a convenient way for our associates to purchase shares of the Company's common stock, which would give associates a vested interest in our success and align their interests with those of our stockholders.

The Board recommends a vote FOR the proposal to approve the ESPP.

Principal Features of the ESPP.

The ESPP is a broad-based plan that allows associates to purchase shares of the Company's common stock at a 15% discount, measured at the end of each three month offering period, through payroll deductions. The ESPP is open to each associate of the Company and its participating subsidiaries who works for the Company or any participating subsidiary, has completed at least six months of continuous employment with the Company or a participating subsidiary and is eligible for health and welfare benefits. Associates must also be actively employed on the last day of the offering period to purchase shares under the ESPP. Participation in the ESPP is voluntary. Currently, it is anticipated that approximately 37,400 associates will be eligible to participate.

The number of shares of JCPenney common stock reserved for issuance under the ESPP is 15,000,000 shares of common stock. If at any time the number of shares remaining available for purchase under the ESPP is not sufficient to satisfy all then outstanding purchase rights, the available shares will be apportioned among all participants on an equitable basis. As of March 21, 2016, the closing price of JCPenney common stock, as reported on the NYSE, was \$11.53 per share.

The ESPP provides four three-month offering periods per year, beginning on January 1, April 1, July 1 and October 1. Associates may participate in one or more offering periods. Associates fund their purchases through voluntary payroll deductions that accumulate, without interest, in accounts maintained in the associate's name. At the end of each offering period, the amount credited to the associate's account is applied to the purchase of shares of JCPenney common stock at a price equal to 85% of the closing stock price on the last business day of the offering period. Shares purchased under the ESPP will have the same rights as all other shares of JCPenney common stock.

There are certain limitations as to how many shares an associate may purchase:

- An associate may not elect to make payroll deductions exceeding 10% of his or her eligible earnings;
- An associate who owns, or would own after an ESPP purchase, 5% or more of the Company's total outstanding shares of common stock, including options to purchase stock as a result of ESPP participation, cannot enroll in the ESPP, or, if already enrolled, will be automatically withdrawn from the ESPP;
- An associate may not purchase shares under the ESPP with a fair market value (based on the closing stock price on the first day of each offering period) of more than \$25,000 in a given calendar year; and
- An associate may not purchase more than 1,000 shares during any offering period.

The ESPP will be administered by the Board (or its designee). In the event of any stock dividend, stock split, recapitalization or other change in the capital structure of the Company, the Board may make appropriate adjustments in the number and kind of shares subject to the ESPP, the maximum number of shares that may be delivered under the

[Table of Contents](#)

ESPP, and the selling price and any other relevant provision of the ESPP. The Board or its designee has the right to interpret the provisions of the ESPP and to make all rulings or interpretations regarding the ESPP.

Miscellaneous.

The Board or its designee may, at any time, amend the ESPP in any respect. The Company's stockholders must approve any amendment that would increase the total number of shares that may be issued under the ESPP (other than an increase merely reflecting a change in the Company's capitalization). The Board or its designee may also modify the ESPP to:

- provide that the purchase price of common stock under the ESPP will be the lesser of (i) 85% of the fair market value of the common stock on the first day of each offering period or (ii) 85% of the fair market value of the common stock on the last day of each offering period;
- change the duration and frequency of the offering periods;
- increase or decrease the maximum percentage of an associate's eligible earnings that may be deducted;
- increase or decrease the maximum number of shares that may be purchased by an associate during any offering period; and
- modify the terms and conditions for participation eligibility.

Unless earlier terminated by the Board, the ESPP will continue in effect for a term of 10 years. The Board may suspend or terminate the ESPP at any time.

Federal Income Tax Consequences of the ESPP.

The following discussion summarizes the United States federal income tax consequences under current federal tax law generally arising with respect to participation in the ESPP. This summary is not intended to be exhaustive and the exact tax consequences to any participant will depend on various factors and the participant's particular circumstances. This summary is based on present laws, regulations and interpretations and is not a complete description of federal tax consequences. This summary of federal tax consequences may change in the event of a change in the Code or regulations thereunder or interpretations thereof. We urge participants in the ESPP to consult with their tax advisors with respect to any state, local and foreign tax considerations or particular federal tax implications of participation in the ESPP. The ESPP is intended to qualify as an "employee stock purchase plan" under Code Section 423.

Tax Treatment of ESPP Participants. Participants will not recognize income when they enroll in the ESPP or when they purchase shares. All tax consequences are deferred until the participant disposes of the shares.

If the participant holds the shares for both one year or more after the purchase date and two years or more after the offering date, which is the first day of any offering period (referred to as the Section 423 holding period), the participant will generally recognize ordinary income upon sale or other disposition of the shares equal to the difference between the purchase price and the fair market value of the shares on the date of disposition, or 15% of the fair market value of the shares on the offering date, whichever is less. Any additional gain will be taxed as long-term capital gain. If the shares are sold for less than the purchase price, there is no ordinary income, and the participant will have a long-term capital loss for the difference between the purchase price and the sale price.

If a participant sells or otherwise disposes of the shares before the end of the Section 423 holding period, the participant will generally have ordinary income equal to the difference between the purchase price and the fair market value on the purchase date (in this case, the 15% discount on the purchase price). The difference between the sale price and the fair market value on the purchase date will be a capital gain or loss, which will be long-term if the shares have been held for more than one year.

Tax Treatment to the Company. If a participant recognizes ordinary income by selling or otherwise disposing of shares before the end of the Section 423 holding period, the Company will generally be entitled to a tax deduction equal to the participant's ordinary income. Otherwise, the Company will not be entitled to any income tax deduction with respect to shares purchased under the ESPP.

PROPOSAL 5 — ADVISORY VOTE ON COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

The Human Resources and Compensation Committee of the Board is responsible for establishing and implementing our executive compensation program. The Human Resources and Compensation Committee determines compensation for each named executive officer other than the CEO and Executive Chairman. The compensation of the CEO and Executive Chairman is determined by all of the independent directors of the Board. Our executive compensation program is designed to link pay to Company performance and align the pay of our named executive officers with the interests of our stockholders. Stockholders are encouraged to read the Compensation Discussion and Analysis section for a more detailed discussion of how the Company's compensation program reflects our overall philosophy and objectives.

As required by Section 14A of the Exchange Act and pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, we are asking stockholders to vote on the following resolution:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers described in this Proxy Statement in the Compensation Discussion and Analysis section and the tabular disclosure regarding named executive officer compensation together with the accompanying narrative disclosure, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission.

As an advisory vote, this proposal is non-binding. Although the vote is non-binding, the Board values the opinions of the Company's stockholders and will take into account the outcome of the vote when considering future compensation decisions. At the 2011 annual meeting of stockholders, the Board recommended, and the stockholders approved, holding an annual vote on the compensation of our named executive officers.

The Board recommends a vote FOR the approval of the compensation of the named executive officers.

ARTICLE III SHARES SUBJECT TO THE PLAN

3.1 Shares Available for Awards. Subject to the provisions of this Article 3.1, and adjustment as provided in Section 12.7, the maximum number of shares of Common Stock available for Awards under the Plan is 19,600,000 shares of Common Stock, less 1 share of Common Stock for every one (1) share that was subject to an option or stock appreciation right granted after January 30, 2016 and prior to the effective date of the Plan under any Prior Plan, and 2 shares of Common Stock for every 1 share that was subject to an award other than an option or stock appreciation right granted after January 30, 2016 and prior to the effective date of the Plan under any Prior Plan. The aggregate number of shares of Common Stock available for Awards under the Plan will be reduced by 1 share of Common Stock for each share subject to a Stock Option or a Stock Appreciation Right and 1.6 shares of Common Stock for each share subject to a Stock Award. The shares of Common Stock available for delivery under this Plan may consist of Common Stock held in treasury, authorized but unissued shares of Common Stock, or shares of Common Stock purchased or held by the Company or a Subsidiary for purposes of the Plan, or shares available from the Prior Plan, or any combination thereof. After the effective date of the Plan, no other awards may be granted under any Prior Plan.

3.2 Shares Again Available. If (i) any shares of Common Stock subject to an Award are forfeited or cancelled, or any such Award terminates, lapses, or expires, is settled without full delivery of the shares of Common Stock underlying the Award, or (ii) after January 30, 2016, any shares of Common Stock subject to an award under any Prior Plan are forfeited or cancelled, or any such award terminates, lapses, or expires, is settled without full delivery of the shares of Common Stock underlying the award, then in each such case the shares of Common Stock subject to such Award or award under any Prior Plan will, to the extent of any such forfeiture, termination, lapse, cancellation, or expiration be added to the shares available for issuance under the Plan. In the event that withholding tax liabilities arising from an Award other than an Option or Stock Appreciation Right or, after January 30, 2016, an award other than an option or stock appreciation right under any Prior Plan are satisfied by the tendering of shares (either actually or by attestation) or by the withholding of shares by the Company, the

Table of Contents

shares so tendered or withheld shall be added to the shares available for Awards under the Plan. Each share of Common Stock that again becomes available for an Award as provided in this Section 3.2 will increase the total number of shares of Common Stock available for Awards under Section 3.1 by (i) 1 share of Common Stock if that share of Common Stock was subject to a Stock Option or Stock Appreciation Right under the Plan or a stock option or stock appreciation right under a Prior Plan, and (ii) 1.6 shares of Common Stock if that share of Common Stock was subject to a Stock Award or a stock award under a Prior Plan. Notwithstanding the foregoing, shares of Common Stock (a) tendered by a Participant or withheld by the Company in payment of the exercise price of an Option, or after January 30, 2016, an option under any Prior Plan, (b) not issued on the net settlement or net exercise of Stock Appreciation Rights, or after January 30, 2016, stock appreciation rights under any Prior Plan, (c) delivered by a Participant or withheld by the Company to pay withholding taxes related to Options or Stock Appreciation Rights or, after January 30, 2016, options or stock appreciation rights under a Prior Plan, or (d) reacquired by the Company on the open market or otherwise using cash proceeds from the exercise of Options or, after January 30, 2016, options under any Prior Plan, will not again become available for issuance and will not be added to the shares authorized for grant under the Plan. For the avoidance of doubt, Option reloading is not permitted under the Plan.

Shares of Common stock issued in connection with Awards that are assumed, converted or substituted pursuant to an event described in Section 12.8 or assumed or issued in substitution of awards to employees of companies acquired by the Company will not reduce the maximum limitation specified in Section 3.1 (nor shall shares subject to a substitute award be added to the shares available for Awards under the Plan as provided above). Further, where the number of shares of Common stock subject to an Award is variable on the Date of Grant, the number of shares to be counted against the shares authorized under the Plan prior to earning the Award will be the maximum number of shares that could be received under the Award.

3.3 Individual Award Limitations on Equity Awards. Subject to the provisions of Sections 12.7 and 12.8, the following individual Award limits will apply:

- (a) During the term of the Plan, the maximum number of shares of Common Stock available for grant as Incentive Stock Options under the Plan will not exceed the maximum number of shares of Common Stock available for Awards under the Plan as provided in Section 3.1.
- (b) During any fiscal year no Participant will be granted Stock Option and Stock Appreciation Right Awards for collectively more than 4,000,000 shares of Common Stock, and Performance Awards with a payout, at maximum, of more than 3,000,000 shares of Common Stock.

ARTICLE IV ADMINISTRATION

The Plan will be administered by, or under the direction of the Committee. The Committee will administer the Plan so as to comply at all times with the Exchange Act and the Code, as applicable, and will otherwise have plenary authority to interpret the Plan and to make all determinations specified in or permitted by the Plan or deemed necessary or desirable for its administration or for the conduct of the Committee's business ("Determinations"). All interpretations and Determinations of the Committee may be made on an individual or group basis, and will be final, conclusive, and binding on all interested parties. The Committee may delegate, to the fullest extent permitted by law, its responsibilities under the Plan to persons other than its members, subject to such terms and conditions as it may determine, other than: (i) the making of grants and awards under the Plan to individuals subject to Section 16 of the Exchange Act; and (ii) the grant of Performance-Based Compensation. With respect to Participants subject to Section 16 of the Exchange Act, transactions under the Plan are intended to comply with all applicable conditions of Rule 16b-3. To the extent any provision of the Plan or any action by the Committee or its delegate fails to so comply, such provision or action will, without further action by any person, be deemed to be automatically amended to the extent necessary to effect compliance with Rule 16b-3, provided; however, that if such provision or action cannot be amended to effect such compliance, such provision

or action will be deemed null and void, to the extent permitted by law and deemed advisable by the relevant authority. Each Award to a Participant subject to Section 16 of the Exchange Act under this Plan will be deemed issued subject to the foregoing qualification. Further, except as otherwise specifically provided in an Award Notice or Determinations, Awards under this Plan are generally intended to be exempt from Section 409A of the Code and the Plan will be interpreted accordingly.

ARTICLE V ELIGIBILITY

Under the Plan: (i) Awards may be made to such Associates, including officers and Associate Directors of the Company, as the Committee may determine; and (ii) Equity Awards will be made pursuant to Article X below to individuals who serve as Non-Associate Directors of the Company (including any former Associate Participant). In determining the Associate Participants who are to receive Awards and the number of shares covered by any Equity Award, the Committee may take into account the nature of the services rendered by the Associate Participants, their contributions to the Company's success, their position levels and salaries, and such other factors as the Committee, in its discretion, may consider relevant in light of the purposes of the Plan.

ARTICLE VI STOCK OPTIONS AND STOCK APPRECIATION RIGHTS

6.1 Terms and Conditions of Stock Options. The Committee may grant Stock Options alone or in addition to other Awards granted under this Plan to any Associate Participant. The Committee will determine (i) whether each Stock Option will be granted as an Incentive Stock Option or a Non-Qualified Stock Option, and (ii) the provisions, terms and conditions of each Stock Option including, but not limited to, the vesting schedule, the number of shares of Common Stock subject to the Stock Option, the exercise price of the Stock Option, the period during which the Stock Option may be exercised, repurchase provisions, forfeiture provisions, methods for payment of the exercise price of the Stock Option, acceleration of vesting, if any, in connection with certain termination events, and all other terms and conditions of the Stock Option, subject to the following:

- (a) **Form of Stock Option Grant.** Each Stock Option granted under the Plan will be evidenced by an Award Notice (which need not be the same for each recipient of a Stock Option Award) that is not inconsistent with the Plan, including any provisions that may be necessary to assure that any Stock Option that is intended to be an Incentive Stock Option will comply with section 422 of the Code. The Award Notice evidencing the Stock Option grant will be delivered to the recipient with a copy of the Plan, and other relevant Stock Option documents, within a reasonable time after the Date of Grant.
- (b) **Exercise Period.** Unless a shorter period is otherwise provided in an Award Notice, each Stock Option will expire and all rights to purchase shares of Common Stock thereunder will cease ten years after the Date of Grant.
- (c) **Exercise Price and Terms.** The exercise price of a Stock Option will be not less than 100% of the Fair Market Value of a share of the Common Stock on the Date of Grant of the Stock Option and during its term the Stock Option will be exercisable only on the event or events determined by the Committee and set forth in the Award Notice.
- (d) **Limitations on Incentive Stock Options.** The aggregate Fair Market Value (determined as of the Date of Grant of a Stock Option) of Common Stock that any Associate is first eligible to purchase during any calendar year by exercise of Incentive Stock Options granted under the Plan and by exercise of incentive stock options (within the meaning of section 422 of the Code) granted under any other incentive stock option plan of the Company or a Subsidiary will not exceed \$100,000. If the Fair Market Value of stock with respect to which all incentive stock options described in the preceding sentence held by any one Participant are exercisable for the first time by such Participant during any calendar year exceeds \$100,000, the Stock Options that are intended to be Incentive Stock Options on

Table of Contents

the Date of Grant thereof for the first \$100,000 worth of shares of Common Stock to become exercisable in such year will be considered to constitute incentive stock options within the meaning of section 422 of the Code and the Stock Options that are intended to be Incentive Stock Options on the Date of Grant thereof for the shares of Common Stock in the amount in excess of \$100,000 that become exercisable in that calendar year will be treated as Non-Qualified Stock Options. If an Incentive Stock Option is granted to an Associate that owns more than 10% of the total combined voting power of all classes of stock of the Company (i) the exercise price of the Incentive Stock Option will not be less than 110% of the Fair Market Value of a share of the Common Stock on the Date of Grant of the Incentive Stock Option, and (ii) the Incentive Stock Option will expire and all rights to purchase shares of Common Stock thereunder will cease five years after the Date of Grant. If the Code or the Treasury regulations promulgated thereunder are amended after the effective date of the Plan to provide for a different rules and/or limits governing Incentive Stock Options than those described in this Section 6.1(d), such different rules and/or limit will be incorporated herein and will apply to any Incentive Stock Options granted after the effective date of such amendment.

- (e) **Dividend and Dividend Equivalents.** No grant of a Stock Option may provide for dividends, dividend equivalents, or other similar distributions to be paid in connection with the exercise of the Stock Option.
- (f) **Extension of the Term of a Stock Option.** Notwithstanding any other provision of this Plan to the contrary, if, by its terms, a Stock Option, other than an Incentive Stock Option, would expire when trading in shares of Common Stock is otherwise prohibited by law or by the Company's insider trading policy, as such may be amended from time to time, the term of the Stock Option will be automatically extended until the close of trading on the 30th Trading Date following the expiration of any such prohibition.

6.2 Exercise of Stock Options.

- (a) **Notice.** Stock Options may be exercised only by delivery to the Company, or its designee, of notice, in such form as is permitted by the Committee or its designee, stating the number of shares of Common Stock being purchased, the method of payment, and such other matters as may be considered appropriate by the Company in connection with the issuance of shares of Common Stock upon exercise of the Stock Option, together with payment in full of the exercise price for the number of shares of Common Stock being purchased. The effective date of exercise of a Stock Option (which in no event, may be beyond the expiration date of the Stock Option) will be, unless otherwise provided in Determinations adopted by the Committee:
 - (i) in connection with a sell order for the underlying stock that is a "Sell-to-Cover Order," a "Same-Day-Sale Exercise Order," a Limit Order, a "Good-till" Cancelled Order or the like, the date on which such sell order is actually executed.
 - (ii) in connection with an "Exercise and Hold" (cash exercise) transaction, the date the requisite funds are received by the Company at its home office in Plano, Texas or such other location as the Company may designate, or by a third party duly designated by the Company at the offices of such third party, in the manner determined by the Chief Executive Officer or the Chief Talent Officer, or their respective successors by title or office.

Provided, however, that if the date of exercise, as otherwise determined pursuant to this Section 6.2(a), including any Determinations adopted by the Committee, is not a Trading Date, the date of exercise will be deemed to be the next Trading Date. Further, if an exercise instruction is received after the close of the NYSE on a particular day it will be deemed received as of the opening of the next Trading Date. If a Stock Option is granted in tandem with any other Equity Award, there will be surrendered and cancelled from the related Equity Award at the time of exercise of the Stock Option, in lieu of exercise pursuant to the related Equity Award, that number of shares of Common Stock as equals the number of shares of Common Stock as to which the tandem Stock Option will have been exercised.

- (b) **Early Exercise.** An Award Notice may, but need not, include a provision that permits the Participant to elect at any time while an Associate, to exercise all or any part of the Stock Option before full vesting of the Stock Option. Any unvested shares of Common Stock received pursuant to such exercise may be subject to a repurchase right in favor of the Company or a Subsidiary or to any other restriction the Committee determines to be appropriate.
- (c) **Payment.** Payment equal to the aggregate exercise price for the shares subject to a Stock Option and for which notice of exercise has been provided by an Associate Participant, including an Associate Participant that has terminated Employment, to the Company, along with any applicable withholding taxes as described in Section 12.11, will be tendered in full, with the notice of exercise, in cash (by check) or, unless otherwise prohibited in a specific Award Notice or by law or applicable regulation, by:
- (i) the actual or constructive transfer to the Company of nonforfeitable, non-restricted shares of Common Stock that have been owned by the Participant for more than six months, or such shorter time as may be permitted by applicable law, prior to the date of exercise;
 - (ii) using the net proceeds (after paying all selling fees) from the sale of some (the “Sell-to-Cover Exercise Method”) or all (the “Same-Day-Sale Exercise Method”), of the shares of Common Stock received on the exercise of the Stock Option, or from any arrangement pursuant to which an Associate Participant, including those Associate Participants who have terminated Employment, irrevocably instructs a broker-dealer to sell a sufficient portion of such shares to pay the exercise price and any withholding obligation, as described in Section 12.11, and related fees thereon and deliver the sale proceeds directly to the Company. The value of the shares of Common Stock used in payment of the exercise price under the Sell-to-Cover Exercise Method or the Same-Day-Sale Exercise Method will be the price at which the Common Stock was sold by the broker-dealer functioning under the Sell-to-Cover Exercise Method or the Same-Day-Sale Exercise Method on the effective date of exercise as described in Section 6.2(a). The amount of the proceeds to be delivered to the Company by the broker-dealer functioning under the Sell-to-Cover Exercise Method or the Same-Day-Sale Exercise Method will be credited to the Common Stock account of the Company as consideration for the shares of Common Stock to be issued in accordance with the Sell-to-Cover Exercise or the Same-Day-Sale Exercise Method;
 - (iii) by surrender for cancellation of shares of Common Stock at the Fair Market Value per share at the time of exercise under a “net exercise” arrangement; provided, however, that use of a “net exercise” arrangement cannot result in the Stock Option being settled either in whole or in part for cash payable to the Associate Participant;
 - (iv) in accordance with such other procedures or in such other forms as the Committee will from time to time determine; or
 - (vi) any combination of the above.

On payment of all amounts due from the Participant, the Company will cause certificates for the Common Stock then being purchased to be delivered as directed by the Associate Participant (or the person exercising the Associate Participant’s Stock Option in the event of his death) at its principal business office promptly after the Exercise Date. If the Associate Participant has exercised an Incentive Stock Option, the Company may at its option retain physical possession of the certificate evidencing the shares acquired upon exercise until the expiration of the holding periods described in section 422(a)(1) of the Code. The obligation of the Company to deliver shares of Common Stock will, however, be subject to the condition that if at any time the Committee will determine in its discretion that the listing, registration or qualification of the Stock Option or the Common Stock upon any securities exchange or inter-dealer quotation system or under any state or federal law, or the consent or approval of any governmental regulatory body is necessary or desirable as a condition of, or in connection with, the Stock Option or the issuance or purchase of shares of Common Stock thereunder,

the Stock Option may not be exercised in whole or in part unless such listing, registration, qualification, consent or approval will have been effected or obtained free of any conditions not acceptable to the Committee.

6.3 Acquisitions and Other Transactions. The Committee may, from time to time, assume outstanding options or stock appreciation rights granted by another entity, whether in connection with an acquisition of such other entity or otherwise, by either (i) granting a Stock Option or Stock Appreciation Right, as applicable, under the Plan in replacement of or in substitution for the option or stock appreciation right assumed by the Company, or (ii) treating the assumed option or stock appreciation right as if it had been granted under the Plan if the terms of such assumed option could be applied to a Stock Option or Stock Appreciation Right, as applicable, granted under the Plan. Such assumption will be permissible if the holder of the assumed option would have been eligible to be granted a Stock Option or Stock Appreciation right, as applicable, hereunder if the other entity had applied the rules of this Plan to such grant. The Committee also may grant Stock Options or Stock Appreciation Rights under the Plan in settlement of or substitution for outstanding options or stock appreciation rights, or obligations to grant future options in connection with the Company's or a Subsidiary's acquiring another entity, an interest in another entity or an additional interest in an Subsidiary whether by merger, stock purchase, asset purchase or other form of transaction. Notwithstanding the foregoing provisions of Sections 6.1 or 6.4(c), in the case of a Stock Option or Stock Appreciation Right issued or assumed pursuant to this Section 6.1(e), the exercise price for the Stock Option or Stock Appreciation Right will be determined in accordance with the principles of Sections 424(a) and 409A of the Code, and the Treasury regulations promulgated thereunder.

Additionally, in the event that a company acquired by the Company or any Subsidiary or with which the Company or any Subsidiary combines has shares available under a pre-existing plan approved by stockholders and not adopted in contemplation of such acquisition or combination, the shares available for grant pursuant to the terms of such pre-existing plan (as adjusted, to the extent appropriate, using the exchange ratio or other adjustment or valuation ratio or formula used in such acquisition or combination to determine the consideration payable to the holders of common stock of the entities party to such acquisition or combination) may be used for Awards under the Plan and shall not reduce the shares authorized for grant under the Plan (and shares subject to such Awards shall not be added to the shares available for Awards under the Plan); provided that Awards using such available shares shall not be made after the date awards or grants could have been made under the terms of the pre-existing plan, absent the acquisition or combination, and shall only be made to individuals who were not Associates or Directors prior to such acquisition or combination.

6.4 Terms and Conditions of Stock Appreciation Rights. The Committee may grant Stock Appreciation Rights alone or in tandem with other Awards granted under this Plan to any Associate. The Committee will determine the provisions, terms and conditions of each Stock Appreciation Right including, but not limited to, the vesting schedule, the number of shares of Common Stock subject to the Stock Appreciation Right, the exercise price of the Stock Appreciation Right, the period during which the Stock Appreciation Right may be exercised, repurchase provisions, forfeiture provisions, acceleration of vesting, if any, in connection with certain termination events, and all other terms and conditions of the Stock Appreciation Right, subject to the following:

- (a) **Form of Stock Appreciation Right.** Each Stock Appreciation Right granted under the Plan will be evidenced by an Award Notice (which need not be the same for each recipient of a Stock Appreciation Right) that is not inconsistent with the Plan. The award Notice evidencing the Stock Appreciation Right grant will be delivered to the recipient with a copy of the Plan, and other relevant Stock Appreciation Right documents, within a reasonable time after the Date of Grant.
- (b) **Exercise Period.** Unless a shorter period is otherwise provided in an Award Notice, each Stock Appreciation Right will expire and all rights thereunder will cease ten years after the Date of Grant.
- (c) **Exercise Price and Terms.** The exercise price of a Stock Appreciation Right will be not less than 100% of the Fair Market Value of a share of the Common Stock on the Date of Grant of the Stock Appreciation Right and during its term the Stock Appreciation Right will be exercisable only on the events determined by the Committee and set forth in the Award Notice.

Table of Contents

- (d) **Dividend and Dividend Equivalents.** No grant of a Stock Appreciation Right may provide for dividends, dividend equivalents, or other similar distributions to be paid in connection with the exercise of the Stock Appreciation Right.
- (e) **Exercise.** The grant of the Stock Appreciation Right will provide that the holder will be paid for the value of the Stock Appreciation Right in shares of Common Stock or, at the discretion of the Committee or its designee, cash. In the event of the exercise of a Stock Appreciation Right, the holder of the Stock Appreciation Right will receive that number of shares of Common Stock, or, at the discretion of the Committee or its designee, cash equal to the value of such shares of Common Stock having an aggregate Fair Market Value on the date of exercise equal to the value obtained by multiplying (i) either (A) in the case of a Stock Appreciation Right issued in tandem with a Stock Option, the difference between the Fair Market Value of a share of Common Stock on the date of exercise over the exercise price per share of the related Stock Option, or (B) in the case of a stand-alone Stock Appreciation Right, the difference between the Fair Market Value of a share of Common Stock on the date of exercise over the Fair Market Value of a share of Common Stock on the Date of Grant of the Stock Appreciation Right by (ii) the number of shares of Common Stock with respect to which the Stock Appreciation Right is exercised. Notwithstanding the foregoing, the Committee, in its sole discretion, may place a ceiling on the amount payable upon exercise of a Stock Appreciation Right, but any such limitation will be specified at the time that the Stock Appreciation Right is granted and stated in the Award Notice.
- (f) **Tandem Stock Appreciation Rights.** A Stock Appreciation Right granted in tandem with an Incentive Stock Option (i) may be exercised at, and only at, the times and to the extent the related Incentive Stock Option is exercisable, (ii) will expire upon the termination or expiration of the related Incentive Stock Option, (iii) may not result in a Participant realizing more than 100% of the difference between the exercise price of the related Incentive Stock Option and the Fair Market Value of the shares of Common Stock subject to the related Incentive Stock Option at the time the Stock Appreciation Right is exercised, and (iv) may be exercised at, and only at, such times as the Fair Market Value of the shares of Common Stock subject to the related Incentive Stock Option exceeds the exercise price of the related Incentive Stock Option. A Stock Appreciation Right granted in tandem with a Non-Qualified Stock Option will be exercisable as provided by the Committee and will have such other terms and conditions as the Committee may determine. A Stock Appreciation Right may be transferred at, and only at, the times and to the extent the related Stock Option is transferable. If a Stock Appreciation Right is granted in tandem with any other Equity Award, there will be surrendered and cancelled from the related Equity Award at the time of exercise of the Stock Appreciation Right, in lieu of exercise pursuant to the related Equity Award, that number of shares of Common Stock as will equal the number of shares of Common Stock as to which the tandem Stock Appreciation Right will have been exercised.
- (g) **Certain Limitations on Non-Tandem Stock Appreciation Rights.** A stand-alone Stock Appreciation Right will be exercisable as provided by the Committee and will have such other terms and conditions as the Committee may determine at the time of grant and include in the Award Notice. A stand-alone Stock Appreciation Right is subject to such acceleration of vesting rights as the Committee may determine and is subject to provisions of Section 6.5 of this Plan with respect to any exercise rights an Associate Participant may have following a termination of Employment.
- (h) **Limited Stock Appreciation Rights.** The Committee may grant Stock Appreciation Rights which will become exercisable only upon the occurrence of such events as the Committee may designate at the time of grant and include in the Award Notice. Such a Stock Appreciation Right may be issued either as a stand-alone Stock Appreciation Right or in tandem with a Stock Option.
- (i) **Method of Exercise.** Subject to the conditions of this Section 6.3 and such administrative regulations as the Committee may from time to time adopt, a Stock Appreciation Right may be exercised only by delivery to the Company, or its designee, of notice, in such form as is permitted by the Committee or its designee, stating the number of shares of Common Stock with respect to which the Stock

Appreciation Right is to be exercised. Unless otherwise provided in Determinations adopted by the Committee, the effective date of exercise of a Stock Appreciation Right will be the date of receipt of the written notice by the Company at its home office in Plano, Texas or such other location as the Company may designate, or by a third party duly designated by the Company, in the manner determined by the Company or its designee. If the date of receipt of written notice of exercise is not a Trading Date, the date of exercise will be deemed to be the next Trading Date. Further, if notice of exercise is received after the close of the NYSE on a particular day it will be deemed received as of the opening of the next Trading Date.

- (j) **Extension of the Term of a Stock Appreciation Right.** Notwithstanding any other provision of this Plan to the contrary, if, by its terms, a Stock Appreciation Right would expire when trading in shares of Common Stock is otherwise prohibited by law or by the Company's insider trading policy, as such may be amended from time to time, the term of the Stock Appreciation Right will be automatically extended until the close of trading on the 30th Trading Date following the expiration of any such prohibition.

6.5 Exercise of a Stock Option or a Stock Appreciation Right Following Termination of Employment. Unless (i) otherwise modified pursuant to Determinations adopted by the Committee, or (ii) a more generous post-termination exercise period is otherwise provided with respect to a particular termination event listed in this Section 6.5 (A) in any written agreement between an Associate Participant and the Company or a Subsidiary that may at any time be in effect, or (B) in the absence of an agreement between an Associate Participant and the Company or a Subsidiary (as determined by the Committee, or its designee) that may at any time be in effect, in an Award Notice, a participant will have the right to exercise a Stock Option or a Stock Appreciation Right following a termination of Employment as follows:

- (a) **Termination of Employment with Cause.** If the Associate Participant's Employment with the Company is terminated for Cause, then, notwithstanding any other provision of this Section 6.4(a), all Stock Options or Stock Appreciation Rights granted to the Associate Participant, whether vested, exercisable or otherwise, will immediately expire, terminate, or be forfeited and cancelled as of the effective date of the Associate Participant's termination of Employment.
- (b) **Voluntary Termination of Employment and Termination of Employment Without Cause.** If an Associate Participant voluntarily terminates employment with the Company, or the Associate Participant's Employment with the Company is terminated involuntarily without Cause, and the termination of the Associate Participant's Employment would not otherwise qualify as a Retirement, any vested but unexercised Stock Options or Stock Appreciation Rights will continue to be exercisable through the earlier of (x) ninety (90) days following the effective date of the termination of the Associate Participant's Employment, and (y) the Award's original expiration or termination date. Any Stock Options or Stock Appreciation Rights that are not vested or exercisable on the effective date of the Associate Participant's termination of Employment other than for Cause, will immediately expire, terminate, or be forfeited and cancelled as of the effective date of the Associate Participant's termination of Employment.

Notwithstanding the foregoing, if an Associate Participant's employment terminates due to an involuntary termination of employment without cause and (i) the Associate Participant is a party to any form of executive termination pay agreement between the Associate and the Corporation that does not provide for any period following a termination of employment in which the Associate Participant may exercise any vested but unexercised Stock Option, and (ii) the termination of the Associate Participant's Employment would not otherwise qualify as a Retirement, or a termination as a result of a unit closing, job restructuring, position elimination, reduction in force, or mutual consent as determined by the Committee, or its designee, and as defined in the Company's then existing and effective Separation Pay Plan, any vested but unexercised Stock Options or Stock Appreciation Rights will continue to be exercisable through the earlier of (x) one hundred and twenty (120) days following the effective date of the termination of the Associate Participant's Employment, and (y) the Award's original expiration or termination date.

Table of Contents

- (c) **Termination of Employment as a Result of Disability or Retirement.** If the Associate Participant's Employment with the Company is terminated as a result of the Associate Participant's Disability or Retirement, any vested, but unexercised Stock Options or Stock Appreciation Rights will continue to be exercisable through the earlier of (i) five (5) years following the effective date of such termination of the Associate Participant's Employment, and (ii) the Award's original expiration or termination date. Any Stock Options or Stock Appreciation Rights that are not vested or exercisable on the effective date of the Associate Participant's termination of Employment as result of the Associate Participant's Disability or Retirement will immediately expire, terminate, or be forfeited and cancelled as of the effective date of the Associate Participant's termination of Employment.
- (d) **Termination of Employment As a Result of Death.** If the Associate Participant's Employment with the Company is terminated as a result of the Associate Participant's death, any vested, but unexercised Stock Options or Stock Appreciation Rights will continue to be exercisable by the Associate Participant's Beneficiary through the earlier of (i) five (5) years following the effective date of such termination of the Associate Participant's Employment, and (ii) the Award's original expiration or termination date. Any Stock Options or Stock Appreciation Rights that are not vested or exercisable on the effective date of the Associate Participant's termination of Employment as result of the Associate Participant's death will immediately expire, terminate, or be forfeited and cancelled as of the effective date of the Associate Participant's termination of Employment.
- (e) **Termination of Employment as a Result of a Unit Closing, Job Restructuring, Job Elimination, Reduction in Force, or Mutual Consent.** If the Associate Participant's Employment with the Company is terminated (i) as a result of unit closing, job restructuring, position elimination, reduction in force, or mutual consent as determined by the Committee, or its designee, and as defined in the Company's then existing and effective Separation Pay Plan, and (ii) the termination of the Associate Participant's Employment would not otherwise qualify as a Retirement, any vested but unexercised Stock Options or Stock Appreciation Rights will continue to be exercisable through the earlier of (x) two (2) years following the effective date of the termination of the Associate Participant's Employment, and (y) the Award's original expiration or termination date. Any Stock Options or Stock Appreciation Rights that are not vested or exercisable on the effective date of the Associate Participant's termination of Employment as result of a unit closing, job restructuring or reduction in force will immediately expire, terminate, or be forfeited and cancelled as of the effective date of the Associate Participant's termination of Employment.

6.6 Committee Discretion. Notwithstanding anything to the contrary contained in this Article VI, the Committee or its designee may, at or after the date of grant, accelerate or waive any conditions to the exercisability of any Stock Option or Stock Appreciation Right granted under the Plan, and may permit all or any portion of any Stock Option or Stock Appreciation Right to be exercised following a Participant's termination of employment for any reason on such terms and subject to such conditions as the Committee or its designee may determine for a period up to and including, but not beyond, the Award's original expiration or termination date.

ARTICLE VII RESTRICTED STOCK AND RESTRICTED STOCK UNITS

7.1 In General. The Committee may grant a Stock Award (including any associated dividend equivalent right or share unit equal in value to such Stock Award) to Associate Participants on such terms and conditions as the Committee may determine.

7.2 Terms and Conditions. The Committee will determine the types of Stock Awards made, the number of shares, share units, or dividend equivalent rights covered by such awards, and any other terms and conditions relating to the Stock Awards as it considers appropriate, including any vesting conditions necessary to comply with the laws of the State of Delaware. Notwithstanding the foregoing, no portion of a Stock Award may be

scheduled to vest in less than one year from the date of grant, provided; however, that up to five percent (5%) of the shares available for award under Section 3.1 may be granted as Stock Awards that vest in whole in less than one year in connection with limited situations such as new hires, Retirement, and similar situations.

7.3 Restricted Stock Terms and Conditions. Restricted Stock will, at the Company's discretion, be represented (i) by a stock certificate registered in the name of the Associate Participant granted such Restricted Stock, or (ii) in any acceptable uncertificated form via book entry. Such Associate Participant will have the right to enjoy all shareholder rights during the any applicable restriction period except that:

- (a) The Participant will not be entitled to delivery of the stock certificate until the Restriction Period will have expired.
- (b) The Company may either issue shares subject to such restrictive legends and/or stop-transfer instructions as it considers appropriate or provide for retention of custody of the Common Stock during the Restriction Period.
- (c) Subject to Section 12.10, the Participant may not sell, transfer, pledge, exchange, hypothecate or otherwise dispose of the Common Stock during the Restriction Period.
- (d) A breach of the terms and conditions established by the Committee with respect to the Restricted Stock will cause a forfeiture of the Restricted Stock, and any dividends withheld thereon.
- (e) Subject to Section 8.8, dividends payable in cash or in shares of stock or otherwise may be either currently paid or withheld by the Company for the Participant's account. At the discretion of the Committee, interest may be paid on the amount of cash dividends withheld, including cash dividends on stock dividends, at a rate and subject to such terms as determined by the Committee.

Provided, however, in lieu of the foregoing, the Committee may provide that no shares of Common Stock be issued until the Restriction Period is over and further provide that the shares of Common Stock issued after the Restriction Period has been completed, be issued in escrow and/or be legended and that the Common Stock be subject to restrictions including the forfeiture of all or a part of the shares.

7.4 Payment for Restricted Stock. A Participant will not be required to make any payment for Restricted Stock unless the Committee so requires.

7.5 Forfeiture Provisions. Subject to Section 6.5, in the event a Participant terminates Employment during a Restriction Period for the Participant's Restricted Stock or Restricted Stock Units, such Awards to the extent not otherwise vested will be forfeited; provided, however, that the Committee may provide for proration or full payout in the event of (a) death, (b) Disability, or (c) Retirement. Any Restricted Stock Unit that is not, in all cases, due and payable not later than the 15th day of the third month following the calendar year, or if later, the Company's fiscal year, in which the Restricted Stock Unit ceases to be subject to a "substantial risk of forfeiture" within the meaning Section 409A of the Code, will be designed to comply with the requirements of section 409A of the Code.

ARTICLE VIII PERFORMANCE AWARDS

8.1 In General. An Award granted under the Plan may be in the form of a Performance Award.

8.2 Establishment of Performance Goals. Performance Goals applicable to a Performance Award will be established by the Committee on or before the Date of Grant and not more than a reasonable period of time after the beginning of the relevant Performance Period. For purposes of Performance Awards that are intended to constitute Performance-Based Compensation the Performance Goal will, pursuant to Section 12.14, be determined by the Committee no later than the latest possible date permitted under section 162(m) of the Code and the Treasury regulations thereunder that will not jeopardize such Performance

Table of Contents

Award's qualifying as Performance-Based Compensation. Such Performance Goals may include or be based upon any one or more Performance Measures. Performance Goals may be based on the Company's consolidated results or the results of any segment or other subset of the Company's business, and may be calculated in accordance with generally accepted accounting principles or any other management accounting principle. The Committee, or its designee, may establish any special adjustments that will be applied in calculating whether the Performance Measure has been met including, but not limited to, taking into consideration the effect of any restructurings, discontinued operations, extraordinary items, unusual, infrequently occurring, or non-recurring events, accounting changes, divestitures, or acquisitions, changes in tax or accounting principles, foreign exchange gains and losses, a change in the fiscal year of the Company, or any event either not directly related to the operations of the Company or any Subsidiary, division, business segment or business unit or not within the reasonable control of management. At any time prior to distribution of a Performance Award, the Committee may modify the Performance Goals applicable to such Performance Award if it determines that unforeseen events have occurred which have had a substantial effect on the Performance Goals and such unforeseen events would otherwise make application of the original Performance Goals unfair; provided, however, that no such change or modification may be made to the extent it would cause compensation payable to any Associate Participant who is a Covered Employee to cease to satisfy the requirements of section 162(m) of the Code.

- 8.3 Levels of Performance Required to Earn Performance Awards.** At or about the same time that Performance Goals are established for a Performance Period applicable to a Performance Award, the Committee will in its absolute discretion establish the percentage of the Performance Award granted for such Performance Period which will be earned by the Associate Participant for various levels of performance measured in relation to achievement of Performance Goal for such Performance Period.
- 8.4 Other Restrictions.** The Committee will determine any other terms and conditions applicable to any Performance Award, including any vesting conditions or restrictions on the delivery of Common Stock payable in connection with the Performance Award and restrictions that could result in the future forfeiture of all or part of any Common Stock earned. The Committee may provide that shares of Common Stock issued in connection with a Performance Award be held in escrow and/or legended. Unless otherwise provided in Determinations adopted by the Committee (i) a Performance Award, other than a restricted Equity Award, may not vest, or be deemed to be earned, in whole in less than three years from the date of grant (though portions of an individual award may vest or be deemed to be earned in equal annual installments over a period of not less than three years), and (ii) a Performance Award to be paid out as a restricted Equity Award may not have a vesting period of less than one year.
- 8.5 Notification to Associate Participants.** Promptly after the Committee has established or modified the Performance Goal with respect to a Performance Award, the Associate Participant will be provided with a written Award Notice that will include the terms of the Performance Award including the Performance Goal so established or modified.
- 8.6 Measurement of Performance Against Performance Goals.** The Committee will, as soon as practicable after the close of a Performance Period, determine:
- (a) the extent to which the Performance Goals for such Performance Period have been achieved; and
 - (b) the percentage of the Performance Awards earned as a result.

Notwithstanding the foregoing, if and to the extent the applicable Award Notice permits, the Committee may, in its sole discretion, reduce the percentage of any Performance Award otherwise determined for a Performance Period, and such reduced percentage will be the amount earned by the Associate Participant. All determinations of the Committee will be absolute and final as to the facts and conclusions therein made and are binding on all parties. As promptly as practicable after the Committee has made the foregoing determination, each Associate Participant who has earned Performance Award will be notified thereof. For all purposes of this Plan, notice will be deemed to have been given the date action is taken by the Committee making the determination. Subject to Section 12.10, an Associate Participant may not sell, transfer, pledge, exchange, hypothecate or otherwise dispose of all or any portion of a Performance Awards during the Performance Period.

[Table of Contents](#)

8.7 Treatment of Performance Awards Earned. Upon the Committee's determination that a percentage of any Performance Award has been earned for a Performance Period, Associate Participants to whom such earned Performance Award has been granted and who have been (or were) in the employ of the Company or a Subsidiary thereof continuously from the Date of Grant, will be entitled, subject to the other conditions of this Plan, to payment in accordance with the terms and conditions of their Performance Awards as set forth the Award Notice. Such terms and conditions may permit or require the payment of any applicable withholding taxes pursuant to Section 12.11. Subject to Section 8.9, Performance Awards will under no circumstances become earned or have any value whatsoever for any Associate Participant who is not in the employ of the Company or its Subsidiaries continuously during the entire Performance Period for which such Performance Award was granted.

8.8 Distribution. Distributions payable pursuant to Section 8.7 will be made, subject to Section 12.15, as soon as practicable after the Committee determines the Performance Goal has been achieved, but in no event more than 2 1/2 months after the end of the fiscal year in which the Performance Period applicable to the Performance Award ends. Any dividend equivalents credited in connection with a Performance Award will be subject to the same restrictions and risk of forfeiture as the Performance Award to which the dividend equivalents relate.

8.9 Non-Disqualifying Termination of Employment. The only exceptions to the requirement of continuous Employment during a Performance Period for distribution of an amount earned under a Performance Award are (i) for Performance-Based Compensation, (x) termination of an Associate Participant's Employment by reason of death (in which event the Performance Award may be transferable by will or the laws of descent and distribution only to such Participant's Beneficiary designated to receive the Performance Award or to the Participant's applicable legal representatives, heirs or legatees), Disability, or a Change in Control, or (y) termination of an Associate Participant's Employment as a result of the Associate's Retirement or the Associate's involuntary termination other than for Cause provided the Award, by its terms, remains subject to the actual attainment of the Performance Goal or (ii) for any other Performance Award, termination of an Associate Participant's Employment by reason of death (in which event the Performance Award may be transferable by will or the laws of descent and distribution only to such Participant's Beneficiary designated to receive the Performance Award or to the Participant's applicable legal representatives, heirs or legatees), Disability, Retirement, involuntary termination of Employment other than for Cause (including an involuntary termination of Employment as a result of a unit closing, job restructuring, position elimination or reduction in force as determined by the Committee or its designee and as defined in the Company's then existing and effective Separation Pay Plan), a Change in Control and such other events as may be specified in Determinations adopted by the Committee. In such instance a distribution of the Performance Award will be made pursuant to the terms of the Performance Award, as determined by the Committee or designee, and included in the Award Notice.

8.10 Cash Incentive Awards. Performance Awards granted by the Committee under this Article VIII may take the form of Cash Incentive Awards. Cash Incentive Awards may be granted by the Committee to Associate Participants on such terms and conditions as the Committee may determine, but in all instances in compliance with the requirements of this Article VIII and section 409A of the Code or any exemptions therefrom. A Participant may not be granted a Cash Incentive Award in any one calendar year the value of which exceeds the product of \$2,000,000 and the number of years in the applicable Performance Period.

**ARTICLE IX
CHANGE IN CONTROL**

9.1 Definitions. For purposes of this Article IX the following definitions will apply:

- (a) **Change in Control.** “Change in Control” will, unless modified pursuant to Determinations adopted by the Committee, generally have the meaning specified in Section 409A of the Code, and any regulations and guidance promulgated thereunder and will, subject to any additional requirements of Treasury Regulation section 1.409A-(3)(i)(5)(v), mean:
 - (i) **Change of Ownership.** A Change of ownership occurs on the date that a person or persons acting as a group acquires ownership of stock of the Company that together with stock held by such person or group constitutes more than 50 percent of the total fair market value or total voting power of the stock of the Company.
 - (ii) **Change in Effective Control.** Notwithstanding whether the Company has undergone a change of ownership as described in Section 9.1(a)(i), a change of effective control occurs:
 - (A) when a person or persons acting as a group acquires within a 12-month period 30 percent or more of the total voting power of the stock of the Company, or
 - (B) a majority of the Board is replaced within a 12-month period by directors whose appointment or election is not approved by a majority of the members of the Board before such appointment or election.

A change in effective control also may occur in any transaction in which either of the two corporations involved in the transaction has a Change in Control event (i.e. multiple change in control events). For purposes of this Section 9.1(a)(ii), any acquisition by the Company of its own stock within a 12-month period, either through a transaction or series of transactions, that, immediately following such acquisition, results in the total voting power of a person or persons acting as a group to equal or exceed 30 percent of the total voting power of the stock of the Company will not constitute a change in effective control of the Company for purposes of this Section 9.1(a)(ii).

- (iii) **Change in Ownership of a Substantial Portion of the Company’s Assets.** Change in ownership of a substantial portion of the Company’s assets occurs when a person or persons acting as a group acquires assets that have a total gross fair market value equal to or more than 40 percent of the total gross fair market value of all assets of the Company immediately prior to the acquisition. A transfer of assets by the Company is not treated as a change in the ownership of such assets if the assets are transferred to -
 - (A) A shareholder of the Company (immediately before the asset transfer) in exchange for or with respect to its stock;
 - (B) An entity, 50 percent or more of the total value or voting power of which is owned, directly or indirectly, by the Company;
 - (C) A person, or more than one person acting as a group, that owns, directly or indirectly, 50 percent or more of the total value or voting power of all the outstanding stock of the Company; or
 - (D) An entity, at least 50 percent of the total value or voting power of which is owned, directly or indirectly, by a person described in paragraph (iii).

Persons will not be considered to be acting as a group solely because they purchase assets of the Company at the same time, or as a result of the same public offering. Persons will be considered to be acting as a group if they are owners of a corporation that enters into a merger, consolidation, purchase or acquisition of assets, or similar business transaction with the Company.

Table of Contents

- (b) **Employment Termination.** “Employment Termination” will be deemed to have occurred when an Associate Participant has a separation from service:
- (i) within two years following the effective date of a Change in Control because of an Involuntary Separation from Service other than for Cause; or
 - (ii) where the basis for the Participant Associate’s Employment Termination is the occurrence of a Good Reason event described in Section 9.1(c), within two years of the initial existence of any condition that would constitute Good Reason and within two years following the effective date of a Change in Control.

An Employment Termination will not include a termination by reason of the Associate Participant’s death, Disability, Retirement termination of Employment other than a separation from service for Good Reason.

- (c) **Good Reason.** “Good Reason” means a condition resulting from any of the actions listed below taken by the Company or a Subsidiary, without the consent of the Associate Participant, directed at an Associate Participant:
- (i) a material decrease in the Participant’s salary or incentive compensation opportunity (the amount paid at target as a percentage of salary under the Management Incentive Compensation Program) as in effect immediately prior to the Change in Control, or
 - (ii) failure to pay the Participant a material portion of the Participant’s current base salary, or incentive compensation within seven days of its due date, or
 - (iii) a material adverse change in the Participant’s reporting responsibilities, duties, or authority as compared with pre-Change in Control responsibilities, duties, or authority, or
 - (iv) a material diminution in the authority, duties, or responsibilities of the supervisor to whom the Participant is required to report, including a requirement that a Participant report to a corporate officer or employee instead of reporting directly to the Board or the Board of the Corporation, as the case may be, or
 - (v) a material diminution in the budget over which the Participant retains authority as compared to the pre-Change in Control budget, or
 - (vi) the Service Recipient’s requiring the Participant to change the principal location at which the Participant must perform services to a location that is more than 50 miles from the location where the Participant performed such services immediately prior to the Change in Control, or
 - (vii) discontinuance of any material paid time off policy, fringe benefit, welfare benefit, incentive compensation, equity compensation, or retirement plan (without substantially equivalent compensating remuneration or a plan or policy providing substantially similar benefits) in which the Participant participates or any action that materially reduces such Participant’s benefits or payments under such plans, as in effect immediately before the Change in Control, provided, that in either case such discontinuance or other action results in a material decrease in the Participant’s overall compensation.

provided, however, that the Associate Participant must provide notice to the Corporation of the existence of any condition described above within 90 days of the initial existence of the condition, upon the notice of which the Corporation will have 30 days during which it or a Service Recipient may remedy the condition. Any separation from service as a result of a Good Reason condition must occur within two years of the initial existence of the condition and of the Change in Control in order for benefits to be due hereunder. A separation from service for Good Reason will be treated as an Involuntary Separation from Service for purposes of the Plan.

- (d) **Involuntary Separation from Service.** “Involuntary Separation from Service” means separation from service due to the independent exercise of the unilateral authority of the Company or a Subsidiary, as applicable, to terminate the Associate Participant’s services, other than due to the Associate

Participant's implicit or explicit request, where the Associate Participant was willing and able to continue performing services, within the meaning of Code Section 409A and Treasury Regulation section 1.409A-1(n)(1) or any successor thereto.

9.2 Effect on Awards. On an Employment Termination, an Associate Participant will have the right to exercise any and all Stock Options and Stock Appreciation Rights held by the Associate Participant, and all Stock Awards held by the Associate Participant that are not subject to Performance Goals will immediately vest and be deemed to have been earned and the achievement of any Performance Goal for which the applicable Performance Period has yet to be completed will be determined on such terms and conditions as may be established by the Committee at the time of the grant or award and included in the Award Notice; provided, that, the duration of any exercise period following Employment Termination for a Stock Option or Stock Appreciation Right may not exceed the original exercise period; provided, further, that any vested Stock Awards that are Restricted Stock Units or vested Cash Incentive Awards, will be distributed no later than the deadline for distribution specified in Sections 7.5 and 8.8 above. The Committee may exercise discretion to terminate the Plan upon a Change in Control and distribute any or all Awards outstanding as of the effective date of the Change in Control within 12 months of the Change in Control event.

ARTICLE X NON-ASSOCIATE DIRECTOR PARTICIPANT AWARDS

10.1 General Provisions. Subject to the terms and conditions of this Article X, each Director who is designated by the Board as a Non-Associate Director Participant on the date of grant will automatically be awarded an annual Equity Award in an amount and in such form as the Board determines and pursuant to such terms, conditions, and restrictions as the Board determines (the "Annual Equity Award"); provided, however, that the maximum aggregate grant date fair value, determined based on the Fair Market Value of the Common Stock, of an Annual Equity Award granted to a Non-Associate Director Participant as compensation for services as a Non-Associate Director during any fiscal year of the Company may not exceed \$500,000. Such Annual Equity Awards will begin in May 2016 and continue through May 31, 2021, unless earlier terminated by the Board. The date of grant each Annual Equity Award will be the third full Trading Date following the later of: (i) the date on which the Annual Meeting of the Company's stockholders, or any adjournment thereof, is held ("Annual Meeting"); and (ii) the date on which the Company's earnings for the fiscal quarter immediately preceding such Annual Meeting date are released to the public. Also, Equity Awards in a pro rata amount of the Annual Equity Award for that year, based on the date of the Non-Associate Director's election to the Board, will automatically be granted to each individual (other than a former Associate Participant) who is first elected a Non-Associate Director after May 20, 2016, on the third full Trading Date following the effective date of such election.

10.2 Non-Transferability. Subject to Section 12.10, a Non-Associate Director Participant may not transfer, sell, assign, pledge, or otherwise encumber or dispose of any shares of Common Stock received in connection with an Annual Equity Award prior to the time his or her service as a director expires or is terminated, other than by will or the laws of descent and distribution and any attempt to do so will be void.

10.3 Right to Tender, Exchange. Notwithstanding Section 10.2 above, a Non-Associate Director Participant (including for purposes of this paragraph a Non-Associate Director Participant's guardian or legal representative) will have, with respect to any shares covered by an Annual Equity Award and any shares already received pursuant to an Annual Equity Award under this Plan, the right to: (i) tender or exchange any such shares in the event of the consummation of (A) any tender offer or exchange within the meaning of Section 14(d) of the Exchange Act, or (B) any plan of merger approved by the Board, in each case that constitutes a Change in Control; and (ii) sell or exercise any option, right, warrant, or similar property derived from or attributable to such shares after such option, right, warrant, or similar property becomes transferable or exercisable. If any shares covered by an Annual Equity Award are tendered or exchanged or any option, right, warrant, or similar

property attributable thereto is sold, exercised, or redeemed for value, the cash and/or property received will be delivered to the Company (or its successor) and held subject to the restrictions of the Plan as if it were the stock itself.

10.4 Non-Associate Director Participant's Termination. If a Non-Associate Director Participant's service as a director of the Company terminates on account of any act of: (i) fraud or intentional misrepresentation; or (ii) embezzlement, misappropriation, or conversion of assets or opportunities of the Company or any subsidiary of the Company, such termination will be considered a "Non-Qualifying Termination." All other terminations, including termination by reason of death, will be considered "Qualifying Terminations." In the event of a Non-Qualifying Termination, all outstanding restricted Equity Awards made pursuant to this Section will be forfeited or canceled, as the case may be.

10.5 Stock In Lieu of Cash. A Non-Associate Director Participant may also elect to receive Common Stock in lieu of the cash compensation payable for services rendered as a director, so long as such election is made in accordance with Section 16 of the Exchange Act and on such other terms and conditions as may be determined from time to time by the Board. Any such Common Stock issued to a Non-Associate Director Participant in lieu of cash compensation will automatically vest (become non-forfeitable and freely transferable) in the Non-Associate Director Participant on the date of issuance.

ARTICLE XI AMENDMENT AND TERMINATION

No Award may be made under the Plan after May 31, 2019. The Board may terminate the Plan or make such amendments as it deems advisable, including, but not limited to, any amendments to conform to or reflect any change in any law, regulation, or ruling applicable to an Award or the Plan, provided, however, that the Board may not, without approval by affirmative vote of the holders of a majority of the outstanding stock of the Company having general voting power: (i) take any action which will increase the aggregate number of shares of Common Stock which may be issued under the Plan (except for adjustments pursuant to Section 3.2 and Section 11.7 of the Plan); (ii) decrease the grant or exercise price of any Award to less than fair market value of its underlying Common Stock on the date of grant; (iii) change the individual award limits found in Section 3.3 or any other maximum limit included in the Plan to comply with requirements for performance-based compensation under Section 162(m) of the Code; (iv) change the separate limit for Incentive Stock Options set forth in Section 3.3; (v) change the class of Associate Participants eligible for Awards under Article V; or (vi) change the Performance Measures applicable to Performance-Based Compensation. Except as otherwise provided in or permitted by the Plan or by the terms, if any, of an Award under the Plan, no termination or amendment of the Plan or change in the terms of an outstanding Award may adversely affect the rights of the holder of any Award without the consent of the holder.

ARTICLE XII MISCELLANEOUS PROVISIONS

12.1 Interpretive Matters. Whenever required by the context, pronouns and any variation thereof will be deemed to refer to the masculine the feminine or neuter, and the singular will include the plural, and vice versa. The term "include" or "including" does not denote or imply any limitation. The headings and captions herein are provided for reference and convenience only, will not be considered a part of this Plan, and will not be employed in the interpretation of this Plan.

12.2 Unfunded Plan. The Plan will be unfunded and the Company will not be required to segregate any assets that may at any time be represented by Awards under the Plan. Neither the Company, its Subsidiaries, the Committee, nor the Board will be deemed to be a trustee of any amounts to be paid under the Plan nor will anything contained in the Plan or any action taken pursuant to its provisions create or be construed to create a

Table of Contents

fiduciary relationship between the Company and/or its Subsidiaries, and a Participant. To the extent any person has or acquires a right to receive a payment in connection with an Award under the Plan, this right will be no greater than the right of an unsecured general creditor of the Company.

12.3 No Right to Continued Employment. Neither the Plan nor any Award under the Plan will confer on a Participant any right with respect to continuation of the Participant's employment with the Company or any Subsidiary nor will the Plan or an Award interfere in any way with the right of the Company or a Subsidiary to terminate the employment of any of its employees at any time.

12.4 No Effect on Retirement and Other Benefit Plans. Except as may otherwise be specifically stated under any employee benefit plan, policy, or program, no amount payable in respect of any Award will be treated as compensation for purposes of calculating a Participant's right under any such plan, policy, or program. The Plan is not a "welfare plan" or "pension plan" under the Employee Retirement Income Security Act of 1974, as amended.

12.5 Stockholder Rights. A Participant (including for purposes of this Section, a Participant's legatee, distributee, guardian, legal representative, or other third party, as the Committee may determine) will have no stockholder rights with respect to any shares of Common Stock subject to an Equity Award until such shares of Common Stock are issued to the Participant. Shares of Common Stock will be deemed issued on the date on which they are issued in the Participant's (as this term is defined in the preceding sentence) name.

12.6 Indemnification. Each person who is or will have been a member of the Board or of the Committee and any designee of the Board or Committee will be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense that may be imposed on or reasonably incurred by him in connection with or resulting from any claim, action, suit, or proceeding to which he may be made party or in which he may be involved by reason of any determination, interpretation, action taken or failure to act under the Plan and against and from any and all amounts paid by him in settlement thereof, with the Company's approval, or paid by him in satisfaction of any judgment in any such action, suit or proceeding against him, provided he will give the Company an opportunity, at its own expense, to handle and defend the same before he undertakes to handle and defend it on his own behalf. The foregoing right of indemnification will not be exclusive and will be independent of any other rights of indemnification to which such persons may be entitled under the Company's Articles of Incorporation, By-laws, by contract, as a matter of law, or otherwise.

12.7 Adjustments in Capitalization. In the event of any change in the value or number of shares of Common Stock outstanding, or the assumption and conversion of outstanding Awards, by reason of any stock dividend, stock split, dividend or distribution, whether in cash, shares or other property (other than a normal cash dividend), recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination or exchange of shares, the Committee or its designee will make changes to the Plan and Awards in an equitable and appropriate, manner including, but not limited to: (1) the exercise price under each unexercised Stock Option; (2) the exercise price under each unexercised Stock Appreciation Right; and (3) the number, type, character, and class of shares which may be issued on exercise of Stock Options and Stock Appreciation Rights granted and for Stock Awards, including restricted stock units, and any remaining shares reserved under the Plan. Any such adjustment with respect to each Stock Option or Stock Appreciation Right will be consistent with the requirements applicable to exempt stock rights under Treasury Regulations section 1.409A-1(b)(5) or its successor. Any adjustment with respect to Incentive Stock Options will also conform to the requirements of Section 422 of the Code. Any adjustment will also include the limits under the Plan established for purposes of section 162(m) of the Code and with respect to Awards of Incentive Stock Options,

12.8 Prohibition on Repricing. Except in connection with a corporate transaction involving the Company (including, without limitation, any stock dividend, distribution (whether in the form of cash, Common Shares, other securities or other property), stock split, extraordinary cash dividend, recapitalization, change in control, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of Common

Table of Contents

Shares or other securities, or similar transaction(s)), the Company may not (a) amend the terms of outstanding Stock Options or Stock Appreciation Rights to reduce the exercise price of such outstanding Stock Options or Stock Appreciation Rights; (b) cancel outstanding Stock Options or Stock Appreciation Rights in exchange for Stock Options or Stock Appreciation Rights with an exercise price that is less than the exercise price of the original Stock Options or Stock Appreciation Rights; (c) cancel outstanding Stock Options or Stock Appreciation Rights with an exercise price above the current stock price in exchange for cash or other Awards or securities; or (d) take any other action with respect to a Stock Option or Stock Appreciation Right that would be treated as a repricing under the rules and regulations of the principal national securities exchange on which the shares of Common Stock are listed without the prior approval of the Company's stockholders.

12.9 Compliance with Applicable Legal Requirements. Notwithstanding anything contained herein to the contrary, the Company will not be required to sell or issue shares of Common Stock in connection with any Award if the issuance thereof would constitute a violation by the Participant or the Company of any provisions of any law or regulation of any governmental authority or any national securities exchange or inter-dealer quotation system or other forum in which shares of Common Stock are quoted or traded (including without limitation Section 16 of the 1934 Act and Section 162(m) of the Code); and, as a condition of any sale or issuance of shares of Common Stock under an Award, the Committee may require such agreements or undertakings, if any, as the Committee may deem necessary or advisable to assure compliance with any such law or regulation. The Plan, the grant and exercise of Awards hereunder, and the obligation of the Company to sell and deliver shares of Common Stock, will be subject to all applicable federal and state laws, rules and regulations and to such approvals by any government or regulatory agency as may be required.

12.10 Transferability. No unearned Stock Awards or vested or unvested Stock Options or Stock Appreciation Rights, and no shares of Common Stock that have not been issued or as to which any applicable restriction, performance or deferral period has not lapsed, may be sold, assigned, pledged, or transferred other than by will or the laws of descent and distribution and any attempt to do so will be void. No Stock Option or Stock Appreciation Right will be exercisable during an Associate Participant's lifetime except by the Associate Participant or the Associate Participant's guardian or legal representative. To the extent and under such terms and conditions as determined by the Committee, a Participant may assign or transfer an Award without consideration (i) to the Participant's spouse, children or grandchildren (including any adopted and step children or grandchildren), parents, grandparents or siblings, (ii) to a trust for the benefit of one or more of the Participant or the persons referred to in clause (i), (iii) to a partnership, limited liability company or corporation in which the Participant or the persons referred to in clause (i) are the only partners, members or shareholders or (iv) for charitable donations; provided that any such assignee shall be bound by and subject to all of the terms and conditions of the Plan and the Award Agreement relating to the transferred Award and shall, to the extent necessary, execute an agreement satisfactory to the Company evidencing such obligations; and provided further that such Participant shall remain bound by the terms and conditions of the Plan. The Company shall cooperate with any assignee and the Company's transfer agent in effectuating any transfer permitted under this Section.

12.11 Withholding Taxes. All distributions under the Plan will be subject to any required withholding taxes and other withholdings and, all tax withholdings will be governed by the Code and any applicable state laws and any rules and regulations adopted thereunder and, in the case of Participants who are subject to Section 16 of the Exchange Act, any restrictions set forth in Section 16 of the Exchange Act. In case of distributions in Common Stock, the Participant or other recipient may, as a condition precedent to the delivery of Common Stock, be required to pay to his/her participating employer the excess, if any, of the total withholding obligation with respect to any federal, state, and local tax obligations, including FICA and Medicare over the actual amount withheld, which will be limited to the minimum statutory withholding or such other rate that will not cause adverse accounting consequences and is permitted under applicable Internal Revenue Service withholding rules, if any, from any distributions under the Plan. All or a portion of such payment may, in the discretion of the Committee or its designee and upon the election of the Participant, be made (a) in cash, (b) by withholding from shares of Common Stock that would otherwise be delivered to the Participant a number of shares of Common Stock sufficient to satisfy all or a portion of the minimum statutory tax withholding obligation, (c) by tendering

Table of Contents

(either actually or by attestation) owned and unencumbered shares of Common Stock acceptable to the Committee and having a Fair Market Value on the date of tender equal to or less than the remaining required tax withholding. Notwithstanding the foregoing, in the event the Company adopts International Financial Reporting Standards, the minimum statutory withholding obligation, or such other rate that will not cause adverse accounting consequences and is permitted under applicable Internal Revenue Service withholding rules, will not be satisfied by withholding shares of Common Stock if permitting the satisfaction of the minimum statutory withholding obligation via the withholding of shares of Common Stock would result in unfavorable accounting treatment for the Company.

12.12 No Limitations on Compensation. Neither the adoption of the Plan by the Board nor the submission of the Plan to shareholders of the Company for approval will be construed as creating any limitations on the power or authority of the Board to adopt such other or additional incentive or other compensation arrangements of whatever nature as the Board may deem necessary or desirable or preclude or limit the continuation of any other plan, practice or arrangement for the payment of compensation or fringe benefits to employees generally, or to any class or group of employees, which the Company or any Subsidiary now has lawfully put into effect, including, without limitation, any retirement, pension, savings, profit sharing or stock purchase plan, insurance, death and disability benefits, and executive short term incentive plans.

12.13 Code Section 83(b) Elections. Neither the Company nor any of its Subsidiaries have any responsibility for a Participant's election, attempt to elect or failure to elect to include the value of an Award subject to section 83 of the Code in the Participant's gross income for the year of grant pursuant to section 83(b) of the Code. Any Participant who makes an election pursuant to section 83(b) of the Code will promptly provide the Committee or its designee with a copy of the election form.

12.14 Section 162(m) of the Code. It is the intent of the Company that the Plan comply in all respects with section 162(m) of the Code and that any ambiguities or inconsistencies in construction of the Plan be interpreted to give effect to such intention. If the Committee intends for an Award to be granted and administered in a manner designed to preserve the deductibility of the resulting compensation in accordance with section 162(m) of the Code, then the Performance Measure selected, the Performance Goal (in terms of an objective formula or standard pursuant to which a third party with knowledge of the relevant performance results could calculate the amount to be paid), the maximum number of shares of Common Stock that may be awarded, within the limit described in Section 3.3 hereof, and the Performance Period applicable to such Award will be established in writing by the Committee no later than the earlier of (i) 90 days after the commencement of the relevant Performance Period and (ii) the date as of which 25% of the Performance Period has elapsed. It is the intent of the Committee that at the time a Performance Goal is established, its outcome must be substantially uncertain. The Committee's discretion to modify or waive the Performance Goal related to the vesting of the Award may be restricted in order to comply with Section 162(m) of the Code.

12.15 Section 409A of the Code. The Plan is intended to be administered in a manner consistent with the requirements of section 409A of the Code, where applicable. Where reasonably possible and practicable, the Plan will be administered in a manner to avoid the imposition on participants of immediate tax recognition and additional taxes under section 409A of the Code. Unless specifically provided for in an Award Notice, no Equity Award will provide any feature for the deferral of compensation as defined by Treasury Regulation section 1.409A-1(b). Any deferral will be for such period and in accordance with the terms and conditions as the Committee may determine and must be in compliance with section 409A of the Code. The terms and conditions applicable to such deferral and the terms and conditions evidencing compliance with section 409A of the Code will be set forth in the Award Notice. The method of payment for, and type and character of, any Award may not be altered by any deferral permitted under this Section unless specifically permitted under section 409A of the Code and the Treasury regulations thereunder. Notwithstanding the foregoing, neither the Company nor the Committee will have any liability to any person in the event section 409A of the Code is determined to apply to an Award in a manner that results in adverse tax consequences for the participant or any of his beneficiaries or transferees.

Table of Contents

12.16 Effective Date. The Plan will become effective on May 20, 2016, subject to approval by the affirmative vote of a majority of the outstanding shares of Common Stock present by person or by proxy at the Company's 2016 Annual Meeting.

12.17 Governing Law. To the extent that federal laws do not otherwise control, this Plan and all determinations made and actions taken under this Plan will be governed by the internal laws of the State of Delaware, without regard to Delaware's conflict-of-laws principles and will be construed accordingly.

12.18 Severability. The Company intends all provisions of the Plan to be enforced to the fullest extent permitted by law. If any provision of this Plan will be held to be illegal, invalid, or unenforceable for any reason, under present or future law, the illegal, invalid, or unenforceable provision will be fully severable and severed, and will not affect the remaining parts of the Plan, and the Plan will be construed and enforced as if the illegal, invalid, or unenforceable provision had not been included in the Plan, and the remaining provisions of the Plan will remain in full force and effect and will not be affected by the illegal, invalid or unenforceable provision or by its severance.

12.19 Compensation Recoupment Policy. Awards may be made subject to any compensation recoupment policy adopted by the Board or the Committee at any time prior to or after the effective date of the Plan, and as such policy may be amended from time to time after its adoption. The compensation recoupment policy will be applied to any Award that constitutes the deferral of compensation subject to section 409A of the Code in a manner that complies with the requirements of section 409A of the Code.

12.20 No Issuance of Certificates. Notwithstanding any provisions of the Plan to the contrary, to the extent the Plan provides for issuance of stock certificates to reflect the issuance of shares of Common Stock in connection with an Award, the issuance may be effected on a non-certificate basis, to the extent not prohibited by applicable law or the applicable rules of any stock exchange on which the Common Stock is traded.

r. “Plan” means the J. C Penney Company, Inc. 2016 Employee Stock Purchase Plan, as set forth herein and as the same may be amended from time to time.

s. “Purchase Price” means an amount equal to eighty-five percent (85%) of the Fair Market Value of a share of Common Stock on the Exercise Date; provided, however, that (i) the Purchase Price will not be less than the par value of the Common Stock, and (ii) the Purchase Price may be adjusted by the Board pursuant to Section 18. Notwithstanding the foregoing, the Board or its designee will have the power to modify the Plan to add a “look-back” feature whereby the “Purchase Price” will be equal to the lesser of (i) eighty-five percent (85%) of the Fair Market Value of a share of Common Stock on the Enrollment Date, or (ii) eighty-five percent (85%) of the Fair Market Value of a share of Common Stock on the Exercise Date without stockholder approval if such change is announced to eligible Employees at least five (5) days prior to the Enrollment Date of the first Offering Period to be affected thereafter.

Table of Contents

t. “Reserves” means the number of shares of Common Stock covered by each option under the Plan which have not yet been exercised and the number of shares of Common Stock which have been authorized for issuance under the Plan but not yet placed under option.

u. “Securities Act” means the Securities Act of 1933, as amended.

v. “Subsidiary” means a corporation, domestic or foreign, of which not less than 50% of the combined voting power is held by the Company or a Subsidiary, whether or not such corporation now exists or is hereafter organized or acquired by the Company or a Subsidiary. In all cases, the determination of whether an entity is a Subsidiary will be made in accordance with section 424(f) of the Code.

w. “Trading Day” means a day on which the stock exchange on which the Common Stock is listed is open for trading, or if the Common Stock is not listed on an established stock exchange or national market system, a business day, as determined by the Board or its designee in good faith.

3. Eligibility.

a. An Employee will be eligible to participate in the Plan as an Eligible Employee at the time and pursuant to the terms and conditions established from time to time by the Board or its designee. Participation in the Plan is entirely voluntary.

b. Any provisions of the Plan to the contrary notwithstanding, no Eligible Employee will be granted an option under the Plan to the extent that (i) immediately after the grant, the Eligible Employee (or any other person whose stock would be attributed to the Eligible Employee pursuant to section 424(d) of the Code) would own capital stock of the Company and/or hold outstanding options to purchase the capital stock of the Company possessing five percent (5%) or more of the total combined voting power or value of all classes of the capital stock of the Company or of any Subsidiary, or (ii) his or her rights to purchase stock under all employee stock purchase plans (described in section 423 of the Code) of the Company and its Subsidiaries accrue at a rate that exceeds Twenty Five Thousand Dollars (\$25,000) worth of stock (determined at the Fair Market Value of the shares at the time such option is granted) for each calendar year in which the option is outstanding at any time.

4. Offering Periods. The Plan will be implemented by a series of Offering Periods, with the Enrollment Date for each Offering Period commencing on the first Trading Day on or after January 1st, April 1st, July 1st, and October 1st each year, or on such other date as the Board or its designee determines, and continuing thereafter until terminated in accordance with Section 19 hereof; provided, however, that the first Offering Period under the Plan will, if later than October 1st, commence with the first Trading Day on or after the date on which the registration statement filed with the Securities and Exchange Commission becomes effective and ending on the last Trading Day on or before December 31st. The Board or its designee will have the power to change the duration and frequency of the Offering Periods (including the Enrollment Date and Exercise Date thereof) with respect to future offerings without stockholder approval if such change is announced to eligible Employees at least five (5) days prior to the Enrollment Date of the first Offering Period to be affected thereafter.

5. Participation.

a. An Eligible Employee may become a participant in the Plan by completing a Enrollment Agreement during the Enrollment Period that immediately precedes an Enrollment Date for an Offering Period in accordance with procedures established by the Board or its designee. A participant in the Plan may modify his or her contributions to the Plan by completing a new Enrollment Agreement during any Enrollment Period and that modification will be effective as of the Enrollment Date for the next applicable Offering Period. Any provision of the Plan to the contrary notwithstanding, no Eligible Employee who designated as an insider may execute a new or modify an existing Enrollment Agreement during any Enrollment Period if the Eligible Employee is in possession of material nonpublic information that would prohibit trading under the Exchange Act.

Table of Contents

b. Payroll deductions for a participant will commence with the first payroll date following the Enrollment Date for each Offering Period and will end with the last payroll date before the Exercise Date for the Offering Period to which an Enrollment Agreement is applicable, unless sooner modified as provided above in paragraph a. of this Section 5 or terminated by the participant as provided in Section 10 hereof.

6. Payroll Deductions.

a. At the time an Eligible Employee submits his or her Enrollment Agreement, he or she will elect to have payroll deductions made on each payroll date during the Offering Period in an amount not exceeding ten percent (10%) or such other percentage limit as may be established from time to time by the Board or its designee, in whole percentages, of the Compensation that he or she receives on each payroll date during the Offering Period.

b. All payroll deductions made for a participant will be withheld in whole percentages only and will be credited to his or her account under the Plan. A participant may not make any additional payments into the account. The Company will maintain records of all payroll deductions but will have no obligation to pay interest on a participant's payroll deductions or to hold those payroll deductions in a trust or a segregated account.

c. A participant may, as provided in Section 10 hereof, discontinue his or her participation in the Plan during an Offering Period. A participant's decision to discontinue his or her participation in the Plan during an Offering Period will be effective with the first full payroll period following five (5) business days after the Company's receipt of the new Enrollment Agreement unless the Company elects, at its discretion, to process a given change in participation more quickly. Absent a participant's decision to discontinue his or her participation in the Plan, a participant's Enrollment Agreement will remain in effect for successive Offering Periods unless modified as provided in Section 5 hereof or terminated as provided in Section 10 hereof.

d. Notwithstanding the foregoing, to the extent necessary to comply with section 423(b)(8) of the Code and Section 3.b. hereof, a participant's payroll deductions may be adjusted as necessary at any time during an Offering Period. Payroll deductions will recommence at the rate provided in such participant's Enrollment Agreement at the beginning of the first Offering Period which is scheduled to end in the following calendar year, unless modified as provided in Section 5 hereof or terminated by the participant as provided in Section 10 hereof.

e. At the time the option is exercised, in whole or in part, or at the time some or all of the Common Stock issued under the Plan is disposed of, the participant must make adequate provision for the Company's or a Designated Subsidiary's federal, state, or other tax withholding obligations, if any, that arise on the exercise of the option or the disposition of the Common Stock. At any time, the Company or a Designated Subsidiary may, but will not be obligated to, withhold from the participant's Compensation the amount necessary for the Company or a Designated Subsidiary to meet applicable withholding obligations, including any withholding required to make available to the Company or a Designated Subsidiary any tax deductions or benefits attributable to sale or early disposition of Common Stock by the Employee.

7. Grant of Option. On the Enrollment Date of each Offering Period, each Eligible Employee participating in the Offering Period will be granted an option to purchase on the Exercise Date of the Offering Period (at the applicable Purchase Price) up to a number of shares of the Company's Common Stock determined by dividing the Eligible Employee's payroll deductions accumulated prior to the applicable Exercise Date and retained in the participant's account as of the Exercise Date by the applicable Purchase Price; provided that in no event will an Employee be permitted to purchase during any Offering Period more than 1000 shares or such other share limit as may be established from time to time by the Board or its designee (subject to any adjustment pursuant to Section 18), and provided further that the purchase will be subject to the limitations set forth in Sections 3.b. and 12 hereof. Exercise of the option will occur as provided in Section 8 hereof, unless the participant has withdrawn pursuant to Section 10 hereof. The option will expire on the close of business on the Exercise Date.

Table of Contents

8. Exercise of Option. Unless a participant withdraws from the Plan as provided in Section 10 hereof, his or her option for the purchase of shares will be exercised automatically on the Exercise Date, and the maximum number of full shares subject to option will be purchased for the participant at the applicable Purchase Price with the accumulated payroll deductions in his or her account. No fractional shares will be purchased; any payroll deductions accumulated in a participant's account that are not sufficient to purchase a full share will be retained in the participant's account for the subsequent Offering Period, subject to earlier withdrawal by the participant as provided in Section 10 hereof. A participant's option to purchase shares hereunder is exercisable only by him or her.

9. Delivery. As promptly as practicable after each Exercise Date on which a purchase of shares occurs, the Company will arrange the delivery to each participant, the shares of Common Stock purchased upon exercise of his or her option. The Board or its designee may permit or require that the shares be deposited directly into an ESPP Share Account established in the name of the participant with a Designated Broker and may require that the shares of Common Stock be retained with such Designated Broker for a specified period of time. Participants will not have any voting, dividend or other rights of a stockholder with respect to the shares of Common Stock subject to any option granted hereunder until such shares have been delivered pursuant to this Section 9.

10. Withdrawal.

a. A participant may withdraw all but not less than all the payroll deductions credited to his or her account and not yet used to exercise his or her option under the Plan at any time by giving notice to the Company. Any notice of withdrawal by a participant to the Company must be provided in writing by completing a new Enrollment Agreement or any other form provided by and acceptable to the Company, or by such other means as the Company or its designee may prescribe and must be provided at least fifteen (15) days before the Exercise Date for the Offering Period. All of the participant's payroll deductions credited to his or her account will be paid to the participant as soon as reasonably practicable after receipt of the notice of withdrawal and the participant's option for the Offering Period will be automatically terminated, and no further payroll deductions for the purchase of shares will be made for the Offering Period. If a participant withdraws from an Offering Period, payroll deductions will not resume at the beginning of the succeeding Offering Period unless the participant delivers to the Company a new Enrollment Agreement.

b. A participant's withdrawal from an Offering Period will not have any effect upon his or her eligibility to participate in any similar plan that may hereafter be adopted by the Company or in succeeding Offering Periods that commence after the termination of the Offering Period from which the participant withdraws.

11. Termination of Employment. On a participant's ceasing to be an Employee for any reason, he or she will be deemed to have elected to withdraw from the Plan and the payroll deductions credited to such participant's account during the Offering Period but not yet used to exercise the option will be returned to such participant or, in the case of his or her death, to the person or persons entitled thereto under Section 14 hereof, and such participant's option for the Offering Period will be automatically terminated.

12. Stock.

a. Subject to adjustment upon changes in capitalization of the Company as provided in Section 18 hereof, the maximum number of shares of the Company's Common Stock which will be made available for sale under the Plan will be 15,000,000 shares. If, on a given Exercise Date, the number of shares with respect to which options are to be exercised exceeds the number of shares then available under the Plan, the Company will make a pro rata allocation of the shares remaining available for purchase in as uniform a manner as will be practicable and as it will determine to be equitable. The Company's decision regarding the prorata allocation will be conclusive and binding on all persons.

Table of Contents

b. The participant will have no interest, including rights to dividends, or voting rights in shares covered by his option until such option has been exercised.

c. Shares to be delivered to a participant under the Plan will be registered in the name of the participant.

13. Administration. The Plan will be administered by the Board, a committee appointed by the Board, or any other designee of the Board. The Board or its designee may appoint all personnel it sees fit to oversee the day to day administrative activities related to the Plan. The personnel may be granted full and exclusive discretionary authority to construe, interpret and apply the terms of the Plan, to amend and rescind rules relating to the Plan's administration, to correct any defect, supply any omission or reconcile any inconsistency or ambiguity in the Plan, to determine eligibility to participate in the Plan and to adjudicate all disputed claims filed under the Plan, and to take all actions necessary or desirable for the administration of the Plan including, without limitation, the adoption of sub-plans applicable to a particular Designated Subsidiary or location, which sub-plan may be designated to be outside the scope of section 423 of the Code. Every finding, decision and determination made by the Board, the committee or the authorized personnel, as applicable, will, to the full extent permitted by law, be final and binding upon all parties. All expenses of administering the Plan will be borne by the Company.

14. Designation of Beneficiary.

a. A participant may file a written designation of a beneficiary who is to receive any shares and cash, if any, from the participant's account under the Plan in the event of the participant's death subsequent to an Exercise Date on which the option is exercised but prior to delivery to the participant of shares of Common Stock and cash. In addition, a participant may file a written designation of a beneficiary who is to receive any cash from the participant's account under the Plan in the event of the participant's death prior to exercise of the option.

b. Designation of beneficiary may be changed by the participant at any time by written notice to the Company pursuant to such procedures as the Company or its designee may from time to time establish. If a participant is divorced and the participant's former spouse is the written designated beneficiary, the former spouse will be deemed to have predeceased the participant and the participant's account under the Plan will be distributed as if the participant failed to designate a beneficiary.

c. If a participant fails to designate a beneficiary, or if all designated beneficiaries predecease the participant, are deemed to predecease the participant, or die prior to complete distribution of the participant's account, then the participant's designated beneficiary will be deemed to be his surviving spouse. If the participant has no surviving spouse, the Company will distribute any shares and/or cash in the participant's account first in equal shares to the participant's surviving children and if the participant has no surviving children, in equal shares to the participant's surviving parents and if the participant has no surviving parents, to the executor or personal representative of the participant's estate.

15. Transferability. Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option or to receive shares under the Plan may be assigned, transferred, pledged, or otherwise disposed of in any way (other than by will, the laws of descent and distribution or as provided in Section 14 hereof) by the participant. Any attempt at assignment, transfer, pledge, or other disposition will be without effect, except that the Company may treat the act as an election to withdraw funds from an Offering Period in accordance with Section 10 hereof.

16. Use of Funds. All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose.

17. Reports. Individual accounts will be maintained for each participant in the Plan. Statements of account will be provided either in hard copy format or electronically to participating Employees at least annually, which statements will set forth the amounts of payroll deductions, the Purchase Price, the number of shares purchased and the remaining cash balance, if any.

18. Adjustments Upon Changes in Capitalization, Dissolution, Liquidation, Merger or Asset Sale.

a. Changes in Capitalization. Subject to any required action by the stockholders of the Company, the Reserves, the maximum number of shares each participant may purchase per Offering Period (pursuant to Section 7), as well as the price per share and the number of shares of Common Stock covered by each option under the Plan that has not yet been exercised will be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a recapitalization, stock split, reverse stock split, stock dividend, reorganization, combination, repurchase, merger, consolidation, or reclassification of the Common Stock, or any other increase or decrease in the number of shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company will not be deemed to have been “effected without receipt of consideration.” Such adjustment will be made by the Board, whose determination in that respect will be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, will affect, and no adjustment by reason thereof will be made with respect to, the number or price of shares of Common Stock subject to an option.

b. Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Offering Period then in progress will be shortened by setting a new Exercise Date (the “New Exercise Date”), and will terminate immediately prior to the consummation of the proposed dissolution or liquidation, unless provided otherwise by the Board. The New Exercise Date will be before the date of the Company’s proposed dissolution or liquidation. The Board or its designee will notify each participant in writing, at least five (5) business days prior to the New Exercise Date, that the Exercise Date for the participant’s option has been changed to the New Exercise Date and that the participant’s option will be exercised automatically on the New Exercise Date, unless prior to the New Exercise Date the participant has withdrawn from the Offering Period as provided in Section 10 hereof.

c. Merger or Asset Sale. In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, each outstanding option will be assumed or an equivalent option substituted by the successor corporation or a parent or Subsidiary of the successor corporation. In the event that the successor corporation refuses to assume or substitute for the option, the Offering Period then in progress will be shortened by setting a new Exercise Date (the “New Exercise Date”). The New Exercise Date will be before the date of the Company’s proposed sale or merger. The Board or its designee will notify each participant in writing, at least five (5) business days prior to the New Exercise Date, that the Exercise Date for the participant’s option has been changed to the New Exercise Date and that the participant’s option will be exercised automatically on the New Exercise Date, unless prior to the New Exercise Date the participant has withdrawn from the Offering Period as provided in Section 10 hereof.

19. Amendment or Termination.

a. The Board or its designee may, in its sole discretion, at any time and for any reason terminate, amend, or suspend the Plan. Except as provided in Section 18 hereof, no such termination can affect options previously granted, provided that an Offering Period may be terminated by the Board either immediately or on any Exercise Date if the Board determines that the termination of the Offering Period or the Plan is in the best interests of the Company and its stockholders. Except as provided in Section 18 and Section 19 hereof, no amendment may make any change in any option theretofore granted which adversely affects the rights of any participant. To the extent necessary to comply with section 423 of the Code (or any other applicable law, regulation or stock exchange rule), the Company will obtain stockholder approval in a manner and to the extent required. If any Offering Period is terminated before its scheduled Exercise Date, all amounts that have not been used to purchase shares of Common Stock will, as soon as administratively practicable, be returned to participants (without interest except where required by law).

b. Without stockholder consent and without regard to whether any participant rights may be considered to have been “adversely affected,” the Board or its designee will be entitled to change the Offering Periods, limit the frequency and/or number of changes in the amount withheld during an Offering Period, establish

the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each participant properly correspond with amounts withheld from the participant's Compensation, and establish any other limitations or procedures the Board or its designee determines in its sole discretion advisable and consistent with the Plan.

20. Notices. All notices or other communications by a participant to the Company under or in connection with the Plan will be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

21. Conditions Upon Issuance of Shares. Shares will not be issued with respect to an option unless the exercise of the option and the issuance and delivery of shares of Common Stock pursuant thereto will comply with all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act, the Exchange Act, the respective rules and regulations promulgated thereunder, and the requirements of any stock exchange or national market system on which the shares may then be listed or traded, and will be further subject to the approval of counsel for the Company with respect to compliance. As a condition to the exercise of an option, the Company may require the person exercising the option to represent and warrant at the time of any exercise that the shares are being purchased only for investment and without any present intention to sell or distribute the shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law.

22. Term of Plan. The Plan will become effective on the later to occur of its adoption by the Board or its approval by the stockholders of the Company. It will continue in effect for a term of ten (10) years unless sooner terminated under Section 19 hereof.

23. Miscellaneous.

a. Equal Rights and Privileges. Notwithstanding any provision of the Plan to the contrary and in accordance with section 423 of the Code, all Eligible Employees who are granted options under the Plan will have the same rights and privileges.

b. No Right to Continued Service. Neither the Plan nor any compensation paid hereunder will confer on any participant the right to continue as an Employee or in any other capacity.

c. Rights as Stockholder. A participant will become a stockholder with respect to the shares of Common Stock that are purchased pursuant to options granted under the Plan when the shares are transferred to the participant's ESPP Share Account. A participant will have no rights as a stockholder with respect to shares of Common Stock for which an election to participate in an Offering Period has been made until that participant becomes a stockholder as provided above.

d. Successors and Assigns. The Plan will be binding on the Company and its successors and assigns.

e. Entire Plan. This Plan constitutes the entire plan with respect to the subject matter hereof.

f. Notice of Disqualifying Dispositions. Each participant will give the Company prompt written notice of any disposition or other transfer of shares of Common Stock acquired pursuant to the exercise of an option acquired under the Plan, if the disposition or transfer is made within two years after the Enrollment Date or within one year after the Exercise Date.

g. Applicable Law. This Plan and all questions concerning its construction, validity, and interpretation will be governed by the laws of the State of Delaware, without regard to its conflict of law rules.

Table of Contents

h. Stockholder Approval. The Plan will be subject to approval by the stockholders of the Company within twelve (12) months after the date the Plan is adopted by the Board.

i. Section 423. The Plan is intended to qualify as an “employee stock purchase plan” under section 423 of the Code. Any provision of the Plan that is inconsistent with section 423 of the Code shall be reformed to comply with section 423 of the Code.

j. Withholding. To the extent required by applicable Federal, state, or local law, a participant must make arrangements satisfactory to the Company for the payment of any withholding or similar tax obligations that arise in connection with the Plan.

k. Severability. If any provision of the Plan is for any reason held to be invalid or unenforceable, the invalidity or unenforceability of that provision will not affect any other provision hereof, and the Plan will be construed as if the invalid or unenforceable provision were omitted.

l. Headings. The headings of sections herein are included solely for convenience and do not affect the meaning of any of the provisions of the Plan.
